

Don't Miss . . .

**A DAY OF PROPHECY
With Dr. Ron Herrod**

Never before have we seen such volatility in the stock markets of the world. Experts tell us we are facing the perfect storm financially throughout the world.

The Middle East is in unprecedented turmoil. Syria, Libya, Egypt, and other nations there are experiencing revolution and thousands are being slaughtered. Israel is constantly under threat and it seems that America's support of them is eroding.

Russia and China are again growing threats to America and freedom loving people throughout the world. Western Europe continues to decline economically, morally, spiritually, and is no longer a military threat. Rioting in the streets is now commonplace in Europe.

Earthquakes, devastating storms, tsunamis, floods and other natural disasters are in the news daily. Famines have now claimed more lives in one generation than in all previous generations in history. Pestilences such as AIDS continue to claim more lives than any disease in the history of the world.

The Bible has made it clear that such a time would come . . .
