

Special Olympics Ontario/London (SOOL) Transportation Request

There are different options available to SOOL volunteers to book transportation. Volunteers are expected to check for the best prices to suit their needs. Their needs include such factors as the number of athletes and total personnel involved, equipment storage and weather needs. There are significant variations in cost from carrier to carrier for varying distances. **For those that wish to book buses or shuttles, you are requested to obtain two quotes due to the price variances (see attached quote sheet).**

Coaches still have the option of using rentals or their own vehicles at 30 cents per kilometer.

You are encouraged to book early.

1. Voyageur Transportation Services

They offer air-conditioned 21 to 24 passenger mini coaches with separate luggage holds. Their mini coaches come equipped with TV, DVD, a/c and heat for passenger comfort. You need to book early to get the mini-coach with the separate luggage holds.
