Please check which pages you would like to see on your website.

<p>Home Page The first page your customer will find. This is the face of your business and possibly the most important to attract customers. So, we will strive to make sure your customer is drawn in to see more!</p>	<p>Contact Page The Contact Page has the information that your customer needs to locate or contact you. We include business hours, address, phone number and a contact form so your customer can send an email to you directly from your page.</p>	<p>Services Page If your business offers specific services, this is a page that can break it down for your customer to be able to shop for what suits their needs.</p>
<p>Menu Page If you are in the food business than this page is a must. Customers will be able to review your menu before calling for takeout and save you time! This can also be a great way to sell your menu for those customers who are looking where to go for a night out!</p>	<p>Event Schedule If your business has regular events, this is for you. Customers can check in regularly when planning. The best way to draw a crowd is keeping them posted!</p>	<p>Photo Gallery If you are in the trades or offer custom work, the Gallery is a great way to display past work. This is especially helpful for contractors or artists!</p>
<p>Social Media Integration A great way for customers to follow you for daily updates or posts that you may normally make day to day. We can integrate a live feed of your Facebook, Twitter or Instagram pages. (Large, For Regular Updates)</p>	<p>Testimonials Page Your previous customers are great sellers! We can assemble a page that can show off your customers sharing their great experience with you!</p>	<p>About Us Page Sometimes is great to connect with customers at a different level. An About Us page is the perfect way to tell your customers your story and about the people behind the business name. A great customer confidence builder!</p>

Services and Add-ons
