You deserve the bathroom you want – done right. Why take a chance? EasyCare Bath products are designed to provide you the very best value in bathroom remodeling.

# ELEGANT & ECONOMICAL REMODELING

## The bath or shower remodel of your dreams – in just one day.

That old, out-dated and worn-out bathroom is getting harder to clean by the day. But, who wants to be stuck with a shoddy contractor, high costs and weeks without a bathtub? You know you want an easy to clean, beautiful new bathroom and you know you need it. What you don't need is the mess, hassles, and stress. You'll love the peace of mind and quality of an EasyCare Bath or Shower system.

Our state-of-the-art manufacturing, proven track record of customer satisfaction, competitive pricing, combined with the shiniest and most durable bath and shower liner systems makes EasyCare systems the only logical choice.

The best part is you'll save thousands.

Our EasyCare Bath system is custom fit to your existing fixtures – eliminating the high cost of traditional demolition and the weeks of mess that goes with it. With the EasyCare approach, you'll happily experience the no mess, no hassle bathroom remodel. In most cases, our one day process allows you to use your new bathroom the very next morning.

---

*“To put it simply, I love my new bathroom. Now I make sure that the shower curtain is open to show off the entire bathroom. My tub looks brand new and the surround is beautiful. My bathroom is clearly the classiest room in my house. Thanks for your professional and caring service.”*

*—Mrs. Swenson*

Are you in need of an  
easy to clean bath or shower?

NEVER SCRUB YOUR TUB AGAIN

## Let us make your life a little smoother and safer.

Over the years, pores and miniature scratches in the porcelain surface provide little crevasses in which dirt, grime, soap scum and more can “hunker down” and escape your scrubbing. No matter how much you scrub and scrub, it wont come clean.

### Eliminate scrubbing once and for all.

Your EasyCare system is 100% non-porous so there is nowhere for dirt and germs to hide. And you'll melt your worries and stress away relaxing in a beautiful safe, comfortable EasyCare Bath system, with 300% more acrylic that retains that soothing heat better and longer than any other bathtub.

### The end of health concerns.

2 out of 3 older porcelain bathtubs manufactured before 1978 leach dangerous lead into the bath water every time you bath. The mold and mildew in your traditional bathroom fixtures and wall materials can lead to a variety of health hazards, such as respiratory illnesses, asthma, skin rashes and allergic reactions. You don't want that for your children, grandchildren, or yourself.

Not a problem with the EasyCare system. The same 100% non-porous surface that eliminates hard scrubbing also eliminates the problems of lead, mold and mildew. No worries! Isn't that the true definition of relaxation?

### Beautiful today, beautiful tomorrow.

Every other bathroom solution is almost engineered to go dull over time. Imagine the thrill when you drain your tub and it still shines. You'll love the ease and tranquility that comes with a beautiful new EasyCare Bath system that is super easy to clean.

### Peace of mind.

EasyCare systems are engineered for durability, beauty and savings so that you get the peace of mind that comes from doing it right the first time. EasyCare systems makes your home safer than using any alternative. You'll love the safe carefree comfort and the peace-of-mind that comes from the thickest and strongest bath and shower system in the industry.

*Protect your family from the dangerous lead that leaches from 2 out of 3 older porcelain bathtubs.*

BUILT TO LAST A LIFETIME

# The world's strongest bathtub liner.

There's more to EasyCare Baths than meets the eye.

All bathtub liner systems are far from created equal. Only EasyCare Bath liners are made from non-porous Crosslinked Acrylic. All competitors use inferior acrylic that's thinner and softer. It makes installation easier for them, but it can't match EasyCare Baths for quality, strength, and most important to you – ease of cleaning and long-lasting, brilliant beauty.

We're different. We're better. And we can prove it.

Measurably more beautiful. Only EasyCare crosslinked acrylic has a measurable 12% greater shine than the competition. That shine reflects the quality of the EasyCare system.

Easy to maintain. The time you'll save will astonish you. No pores in our EasyCare acrylic surface means no scrubbing for you.

Stronger, thicker acrylic. Relax and enjoy that nice, l-o-n-g, soothing bath! Because only EasyCare Bath liners are made from acrylic that is 400% stronger and 300% thicker than the industry standard, your bath will stay warm, longer and your tub will last you a lifetime.

---

*"I am enjoying my new bathroom very much. The bathtub is so easy to clean and looks beautiful. I will recommend your products highly. Thanks"*

*—Mrs. Jacobsen*

## THE EASYCARE BATH SYSTEM

The best value in bathroom remodeling.

300% more acrylic  
400% stronger  
100% non-porous  
12% more shine

NOBODY DOES IT BETTER

# The difference comes shining through.

When you compare EasyCare liners with any other, you see there is no comparison. And since there is virtually no difference in cost (EasyCare is actually less expensive many times), why would you ever settle for an inferior product?

FEATURE	HIGHLIGHT	BENEFIT	EasyCare	Others
Crosslinked Acrylic	Retains Heat Better	Bask in the relaxing pleasure of a luxurious bath that seems to stay warm forever.	4	No
4x harder Crosslinked Acrylic	Super Easy-to-clean	More resistant to daily use so you can enjoy your EasyCare system for many years.	4	No
3x thicker Crosslinked Acrylic	More Durable	You get to relax and enjoy a carefree bath system that's more durable than other bathtubs so it can last a lifetime.	4	No
Patented Overflow Bridge	Controls water	While other liners may float overtime, you'll have the peace of mind knowing that the water is going where it was designed to go.	4	No
Exclusive TruLok Seal	3-way Bond	You get the strongest bonding sealant in the industry so you wont have to worry.	4	No
12% more shine	Looks Beautiful	Your in-laws and friends can't help but notice the sparkle in your bathroom. After all, with the EasyCare system you get more shine. Whether you tell them how easy it is to maintain is totally up to you.	4	No
Non-Porous Acrylic	Easy to clean	You'll be amazed and thrilled when you discover just how easy your EasyCare system is to clean - there is no pores for dirt and germs to hide.	4	Some
Encapsulates leaching lead	Keeps your family safe	Keep your children safe, healthy and smart because 2 out of 3 older porcelain bathtub leach lead into your bath water.	4	Yes
Computerized manufacturing	High Quality	You get the strongest, thickest and highest quality bath and shower liner system.	4	No
Meets U.S. and Canadian standards	3rd Party Endorsement	While other liners are inferior, EasyCare Bath systems have been tested by NAHB and UPC to meet government standards so that you get the peace of mind that comes from quality.	4	Some
Over 800 tub molds	Better fit	We have what you need.	4	Some
18 precise measurement	Precision	You get accurate tub identification for a better fitting tub.	4	No

# TUB-TO-SHOWER CONVERSION

# Design your bath and shower for safety and beauty.

Bathrooms can be the most dangerous room in the house – especially for senior citizens.

- Over 70% of home accidents happen in the bathroom.
- Over 75% of slip-fall deaths occur to people 65 years or older.
- 1/3 of the slip-fall accidents to seniors results in serious injury taking away their mobility and independence.

To stay safe and independent, look at potential hazards in your home. Redesigning your bath and shower area can be the single most effective way to reduce the possibility of serious accidents in your home. We can make your life easier and safer with special products designed for comfort, safety and independence.

- > Walk-in Bathtubs (various sizes and options to fit your needs)
- > Walk-in Showers (custom made to your bathroom situation)
- > Safety Accessories (for a more pleasant experience)

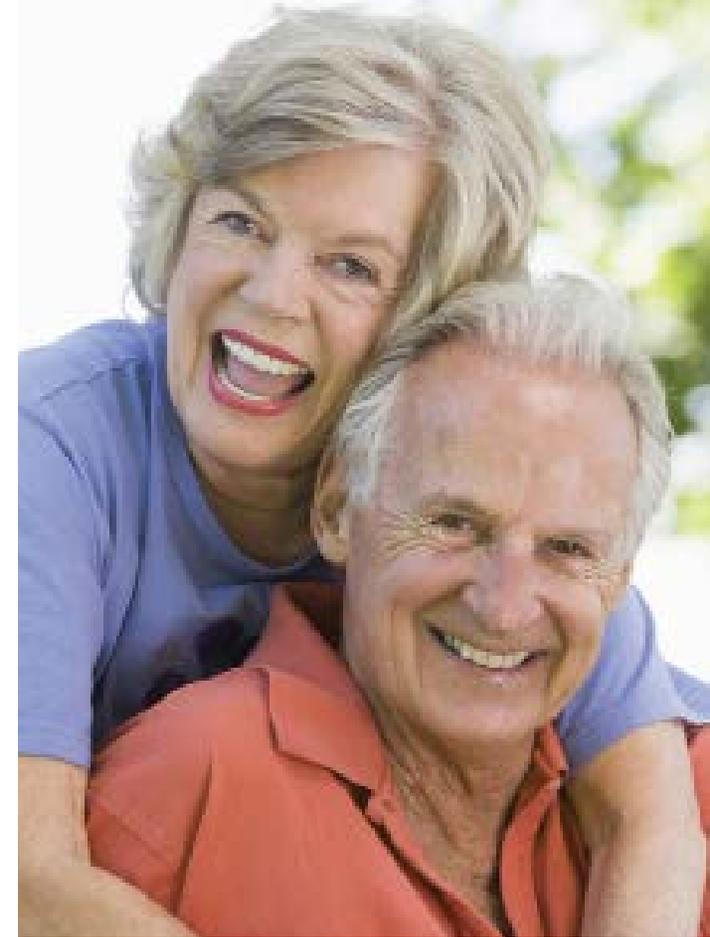

As you consider your new bathroom, now is the best time to design it for beauty, ease, comfort and safety. EasyCare Bath products allow you to enjoy luxurious, massaging soaks or relaxing showers without the fear of an awkward bathtub barrier – a 16" step that feels like a mountain. You'll love the easy entry of our all safety solutions.

---

*Just wanted to know how pleased we are with our new walk-in bathtub. You put in a lot of effort making sure things were done right and on time. It is refreshing to have honest and excellent work done in our home.*

*—Mr. & Mrs. Jackson*
