Electric cooperatives remind members to plug into safety

In May, electric cooperatives across the country promote safety awareness to coincide with National Electrical Safety Month. Every year, thousands of accidents occur due to shock hazards, and Central Electric Power Association, a not-for-profit electric utility, is committed to educating the public about potential electrical dangers in the home.

In 2016, 475,500 structure fires (including residential fires) were reported in the U.S., causing 2,950

deaths, 12,775 injuries and \$7.9 billion in property damage. According to the National Fire Protection Association, a residential fire was reported every 90 seconds. Many home fires occur when electrical equipment is outdated or improperly used.

“It is critical that the public understands their home’s electrical system and the safety concerns associated with the latest residential technologies before bringing them into their homes,” explains Brian Long, general manager. “With newer technologies and more electrical gadgets in the home, people need to ensure they have an electrical system that’s compatible with the increased load.”

Through electrical safety awareness and education, we can all play a part in preventing electrical hazards and injuries in the future. Together, let’s plug into safety this May.

PLUG into SAFETY

May is National Electrical Safety Month

This month, we encourage all members to take extra time to plug into safety.

#ElectricalSafetyMonth

Tip of the Month

Laundry Tip:

Use rubber or wool dryer balls, which help separate clothing in the cycle, providing better airflow and a shorter drying time. Wool dryer balls can help absorb moisture, which also reduces drying time.

Congratulations!

Central Electric celebrates Foch Dickens' years of service.

30
YEARS

As one chapter ends another begins for you. Enjoy all the things you've been looking forward to.

A very happy retirement to you!

MEMORIAL DAY

★ REMEMBER AND HONOR ★

Central Electric

offices will be closed Monday, May 28

In case of a power outage or emergency, please call 1-866-846-5671. CEPA Dispatcher on duty 24 hours a day, 7 days a week

Let's all spend time this Memorial Day honoring those who made the ultimate sacrifice in the name of our country and freedom.

Summer Energy-Saving Tips

Costs associated with cooling your home can make up a large portion of your summer electric bills. Stay cool and save money with these energy efficiency tips!

NO-COST TIPS

Close blinds and drapes during the day to keep heat out.

Set your thermostat to 78 degrees when you are home. Set it to a higher temperature when you're away.

Turn off lights and ceiling fans when you leave a room.

LOW-COST TIPS

Plant trees and shrubs to shade the exterior of your home.

Replace disposable air filters (or clean permanent filters) once a month to maximize efficiency.

Use solar lighting to brighten up your outdoor space. Solar lights are easy to install, low maintenance and provide free electricity.
