

Card Design

Intellect media
Chesapeake, VA
Summer 2014

My Client wanted a dramatic, professional and film nori design with his new logo as the center piece. I followed the logos film strips, dark blue backdrop and Mr. Williams handpicked typeface. I added noise to the background gradient to help smooth out the colors during printing.

Process

Intellect media This is the before and after layouts of the business card. I wanted the layout
 Chesapeake, VA to have a film credits appearance.
