Our escort guide and driver will be meeting you at 7.45am at your hotel's lobby then drive passing ruined Angkorian temples, rice paddies and countryside toward **wildlife sanctuary "Angkor Center for Conservation of Biodiversity"** whose wildlife expert will give you a great orientation to learn about wildlife/birds being protected and how they rescue those rare endangered species. We challenge hiking up (45mins) **Kbal Spean hill**, through rooting/rocky path to see the series of sandstone formation carved under the river, which was built during Angkor period. We stroll around the **riverbed of 1000 linga** carvings admired small river and its waterfall (seasonal) and learn from your tour guide about Angkorian history then you can bathe under the falls if you visit it at the end of the rainy season.

Afternoon, resume the journey to unlock the intricately carved, beautiful red-pink sandstone temple of **Banteay Srei** - considered to be a Jewel of Khmer art which features elaborate decorations and its finest details. These factors have made the temple extremely popular with tourists, and have led to its being widely praised as a "precious gem". On the way back, we have a short visit at **palm sugar village** and other various local handicrafts. Return to your hotel and our guide and driver say Goodbye to you.

Due to the distance, air conditioning vehicle is the best option, cool and comfortable, and included with the tour cost. Tuk Tuk is not highly recommended for this trip.

You should wear whatever most comfortable but remember to dress appropriately to respect the locals and active religious sites; pagodas, temples and holy places. **Strong footwear** is strongly recommended, should bring along insect repellent and make sure your camera is fully charged a day before.
