New Trading Platform

We are excited to add a new platform to our trading system, "Betrone.AG". Offers an incredible array of financial assets to trade on that literally reduce risk to your deposit by almost 93 percent. Our Primary trading platform "CloseOption.com", trades only on currencies. Many traders enjoy faster profits for our clients with more assets to trade and a placeholder hedge on the Euro.

The \$250 club is a very popular plan. The plan runs for exactly 30 days. We will earn for you from \$1900.00 & up to \$3200.00. You may withdraw profits daily. Our Commission on profits earned for you above your deposit is 10 Percent. The deposit is covered against loss by our risk compliance firm. **(310)-806-0314**

"We do all the work, research and trades with no risk to you..."

-Toby Curtis

How does it work:

Breakdown: \$150.00 management fee for a thirty-day subscription. There are no additional trading fees per trades. **The minimum deposit to open an account is \$100.00.** The only additional fee is a weekly 10% commission only on profits earned. Billed via email every Friday. If you wish to **purchase safety coverage on the entire \$250.00, fee is \$25.00.** This enables complete risk-free trading for your trading account.
