

COSTS AND LIMITATIONS

Pricing Transparency

In support of enhanced marketplace transparency and visibility into the costs and performance of certified health IT products and services, and the business practices of health IT developers, our company hereby attests that it will provide in a timely manner, in plain writing, and in a manner calculated to inform, any part (including all) of the information required to be disclosed under 45 CFR § 170.523(k)(1) under the following circumstances:

To all persons who request such information.

To all persons who request or receive a quotation, estimate, description of services, or other assertion or information from our company in connection with any certified health IT or any capabilities thereof.

To all customers prior to providing or entering into any agreement to provide any certified health IT or related product or service (including subsequent updates, add-ons, or additional products or services during the course of an on-going agreement).

Costs, Contractual Obligations, and technical limitations

This certified product-version requires additional costs, contractual obligations, and technical and practical limitations related to the following measures:

- View, download, & transmit to 3rd parties (170.314.e.1) requires a contract and monthly payment to use patient portal and exchange functionalities.
- Transmission to Immunization Registries (requires a one-time payment for configuration and setup to transmit to the corresponding registry(s).
- Data Portability (170.314.b.7) will consume many resources from your system and should be run at a time of low or no service to patients.

If you have any additional inquiries related to these details, please feel free to contact us at (787)294-0131.
