

RUBY SERIES

Direct Vent Gas Fireplace Inserts

CONVERT YOUR HIGH-MAINTENANCE WOOD FIREPLACE TO SIMPLIFY YOUR LIFE

Ruby 30 shown with Clean Screen front and surround in Bronze, and optional Cottage Red interior

RUBY SERIES DIRECT VENT GAS FIREPLACE INSERTS

Ruby series gas inserts make relaxing simple. Convert your high-maintenance wood fireplace into a source of warmth and enjoyment.

Realistic split logs and flames give the Ruby series the ambiance and look you expect, while removing the effort wood fireplaces require.

Ruby Quick Look

- Strikingly realistic split logs and flames
- Simple start-up and use for continual enjoyment
- Adjust flame, heat and ambiance
- Heat with more than 70% efficiency
- Available in 30" or 35" models
- Up to 35,000 BTUs

FOUR EASY STEPS TO UPGRADE YOUR EXISTING WOOD FIREPLACE

1. Measure your existing fireplace
2. Select your insert
3. Choose your surround
4. Customize your insert

STEP 1 Measure Your Existing Fireplace

The height, width and depth of the existing fireplace opening is needed to ensure an appropriately sized insert is selected.

- A. Fireplace front height _____
- B. Fireplace front width _____
- C. Fireplace back width _____
- D. Fireplace depth _____
- E. Hearth depth _____
- F. Hearth width _____
- G. Hearth to mantel height _____

STEP 2 Choose Your Insert

Consider how your insert will be used. Room size, heating needs and usage frequency all come into play.

MDVI30

- 30" viewing area
- Up to 30,500 BTUs
- Fan and remote standard

MDVI35

- 35" viewing area
- Up to 35,000 BTUs
- Fan and remote standard

The RC200 remote and wall dock come standard with the Ruby insert.

STEP 3

Choose Your Surround

Surrounds fill the gap between the fireplace insert and existing fireplace opening. Choose from three sizes and two finishes for a unique look.

Surround Finishes

Black

Bronze

Surround Sizes

SURROUND	MDVI35	MDVI30
Small	42" x 29"	40" x 27"
Medium	44" x 32"	42" x 30"
Large	48" x 32"	44" x 32"

STEP 4 Customize Your Insert – Select options to complete your look.

Choose Your Front

Termination Caps

A termination cap finishes your gas insert with a clean, upscale look. These durable caps also protect venting components and ensure safe exhaust flow.

Round Termination Cap

Square Termination Cap
(available in Black or Copper finish)

IntelliFire™ Plus Ignition System

The Intellifire Plus Ignition System (IPI Plus) takes this technology to the next level with more safety and memory settings, and a programmable wireless remote control. The wireless remote is required to control standing pilot mode, child safety lock, and memory settings.

Direct Vent Technology

Direct Vent fireplaces remove 100% of combustion exhaust and odors from your space. These sealed fireplaces provide optimal heat, conserve energy and ensure clean, safe indoor air quality.
