# C44 Available Options

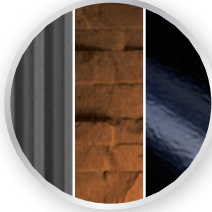

---

## Choice of Flame Accent

---

Choose from a full tray of black glass beads, black glass beads with a glass bezel, or clear glass beads with halogen lighting kit. Add the optional ultra high definition log set or a rock & log combination for a classic touch.

## Choice of Liner

---

The C44 blends in with a variety of decor with a choice of either charcoal fluted liner, ledgerstone liner or porcelain enameled liner.

## Optional Lighting Kit

---

A Halogen lighting kit installs beneath a bed of clear glass beads to create dynamic lighting effects in the C44's firebox.

## Optional Heat Distribution Kit

---

This heat distribution kit channels hot air away from wall mounted TV's or other valuable materials placed directly above the unit.

## Optional Dual Blower Kit

---

This optional 220 CFM fan assembly operates with a left and right fan to help evenly push warm air further into the room.

## Optional Surround

---

Create stronger focus on the flames by adding a powder coated or brushed nickel modern surround to the C44.
