From the Prophet, El Haji Sheik Abdul Ali:

I, the Prophet, do hereby believe that this administration of the government being more wisely prepared by more genius citizens than believe in their free national constitution and laws and through the help of such classes of citizens, I, the Prophet, truly believe that my people will find the true and Divine way of their forefathers, and learn to stop serving carnal customs and merely ideas of man, that have never done them any good, but have always harmed them.

So, I, the Prophet, am hereby calling aloud with a Divine plan to all true American citizens to help me to remove this great sin which has been committed and is being practiced by my people in the United States of America, because they know it is not the true and Divine way, and without understanding they have fallen from the true light into utter darkness of sin, and there is not a nation on earth today that will recognize them socially, religiously, politically or economically, etc. In their present condition of their embracement in which they themselves try to force upon a civilized world, they will not refrain from their sinful ways of action and their deeds have brought Jew-Crowism, segregation, and everything that brings harm to human beings on earth. And they fought the Southerner for all these great mistresses, but I have traveled in the South and have examined conditions there, and it is the works of my people continuously practicing the things which bring dishonor, disgrace, and disrespect to any nation that lives the life. And I am hereby calling on all true American citizens for moral support and finance to help me in my great missionary work to bring my people out of darkness into marvelous light.
