Introducing:
THE MOORISH AMERICAN TRAVEL DOCUMENT

June 10, 2019

To all Nations supporting the United Nations Declaration on the Rights of Indigenous Peoples;
Greetings from the Moorish American Nation,

The Indigenous Moors from North America are a self-governing, Indigenous Nation, and are not under the jurisdiction of any foreign, colonial corporation. We aim to protect our Treaty agreements and Constitutionally secured rights while engaging in the various forms of commerce throughout the world. We hope that the nations of the Earth can come to know the presence of American Moors and stand to aid us in our global rise towards independence and prosperity. Moorish Americans are a sovereign Nation. Thus, we lawfully create our own Indigenous National documents.

Moors are the Original Navigators of the 7 Seas. Therefore it is more than befitting for Indigenous American Moors to introduce our own travel document. The Moorish American Travel Document (M.A.T.D.) is the new standard of identification for Moorish American Nationals to exercise their unalienable right to Freedom of Travel. We hope that all nations that signed the United Nations Declaration on the Rights of Indigenous Peoples will honor and accept our travel document, and if some confusion may arise from its usage, that the nations assist us in better coming into compliance with warranted entry and exit procedures. With the usage of the M.A.T.D., the international community will have the opportunity to engage in business and commerce with the Noble Descendants of the Ancient Moroccan Empire (the Americas). When given the proper means, the world will begin to see the value of having the true and de jure Americans domiciling at their country. We look forward to the cooperation of all Nation States in regards to the Moorish American Travel Document.

With Love, Truth, Peace, Freedom, & Justice,

Shariff Nine Feathers Bey
