

We have something exciting to offer to you! Please join us in our second mystery project. This project is an opportunity to pick up a kit without instructions and then January 21-27 you will receive an email from us letting you know what step to complete for that day. Kits are available now. While completing this mystery project you will either learn a new technique or refresh a technique that you may have forgotten you knew. Make sure to contact us to reserve your kit soon or stop in to pick one up. Kits are \$25 each.
