

# JANUARY

Hope these first couple weeks of 2020 have been good to you. In this newsletter we have some classes scheduled. Check the calendar out and get yourself signed up. Even if you already know how to do the technique that the class is offering, it is still fun to get together with fellow quilters and network. Or better yet, help out a beginning quilter. After all, our world could use some more quilters!!

We are offering an overnight eight shop bus hop in April. Check out the information within here and get yourself registered by February 29 to have a chance at winning one of four \$25 gift certificates.

As always, if you would like to learn some specific technique or work on a specific project, let us know. We would be happy to schedule a class that would be convenient for you.

The way the weather forecast sounds make sure to stop in prior to the snow falling to ensure you have enough fabric to keep you busy as the flakes fall!

There is minimal sewing and it is small enough that you will have it finished in a day.
