The skill level for doing applique is a very easy technique to do. This would be a great time to try this.

The possibilities are almost endless. You can applique on a towel, a table runner, wall hanging, etc. Whether you have experience with the applique technique or if you have wanted to try, join us for this quite simple class. There is minimal sewing and it is small enough that you will have it finished in a day.

Stop in prior to class and pick out the pattern that YOU would like to complete. Here are some ideas:
