

Navarre Beach Sea Turtle Conservation Center

Flat Squishy's Journey to Give Sea Turtles More Tomorrows!

Hello Friends,

Flat Squishy is embarking on an epic journey to spread the news about the fight to Give Sea Turtles More Tomorrows! All species of sea turtles that nest and frequent the coastal habitats of the United States are either threatened or endangered of becoming extinct. Many of the threats to sea turtles are man-made, and that means we can make a BIG difference by doing a few things:

- Reduce, Reuse and Recycle to help keep the waterways and oceans clean. For instance, instead of using plastic shopping bags, use canvas or reusable bags.
- Pick up litter. All waterways lead back to the oceans and marine debris is extremely hazardous to marine animals, like sea turtles who run the risk of choking on debris or suffering from pollutants that marine debris causes.
- Spread the word of the fight to Give Sea Turtles More Tomorrows! The more people that know that sea turtles need our help, the more people there will be out there making a difference.

Will you join Squishy on his journey? Color and design your own Squishy. Then learn about sea turtles and set out on your own adventure. Don't forget to share your story with us on FB page or send us a letter!

Squishy first started his journey in Canon City, Colorado and traveled 1,405 miles to reach his friends at the Navarre Beach Sea Turtle Conservation Center in Navarre, Florida. Here, he begins his work to give sea turtles more tomorrows by telling everyone he meets how they can have a direct impact on sea turtle survival. How far will your journey take you?

Physical Address: 8740 Gulf Blvd., Navarre Beach, Florida 32566

Mailing Address: 8668 Navarre Pkwy, #286

Squishy was designed by Ahlura Fojutowski as a student art project. Together they traveled 1,405 miles for Squishy's first epic journey. Sea turtles travel thousands of miles a year looking for food, shelter and nesting beaches. How far will your Squishy go? How will you two work together to **Give Sea Turtles More Tomorrows?** We invite you to share your Squishy's story, conservation efforts and travels with us on our Facebook page or by sending us a letter to our mailing address below. **(Cut and paste this to Squishy's belly)**

It's Easy

Color and cut out Squishy. Then paste Squishy's story to the belly and laminate for protection. Now you're ready to **Give Sea Turtles More Tomorrows!** Don't forget to share your story with us on our Facebook page!
