

Building Enthusiasm

Practice the Pieces

Obedience exercises and rally courses are like a jigsaw puzzle; there are many pieces that need to fit together perfectly. Top trainers know that teaching and practicing each piece individually makes putting the whole puzzle

* together fun, exciting and much easier to do. Constantly practicing an entire exercise results in a dog that anticipates, checks out, becomes bored.

Join us on the following dates for a workshop on how to build enthusiasm by practicing the pieces, when and how to put them together and get ready jazz up your training and trials in 2020!

Novice: Nov. 20

Open: Dec. 4

Utility: Dec. 11

Rally: Dec. 18
