

## Information on Esoftplanner - NSC Membership Management System

In the summer of 2012, NSC implemented Esoftplanner - a membership management system to help with member check in as well as provide members an opportunity to update their own membership profile using the Internet. Please login and update your membership if you have not done so recently.

***Emergency Contact field was added in 2013- please add a name and phone number of who to contact in an emergency.***

Logins are generally the first initial of your name followed by your last name - ie. - SSmith for member Sam Smith. Logins and passwords were sent to all members last year. ***Your password can be reset to you by selecting this link which is also located directly under the login and password box.***

[Esoftplanner Member Login Screen](#) - use only login and password sent to you by NSC. To prevent duplicate data entries for members, Please **DO NOT REGISTER**.
