Minutes of the Roxbury Selectmen’s meeting April 22, 2019

In attendance: Selectmen Mark Funk and Jim Rousmaniere; Police Chief Rob O’Connor

The meeting opened at 5 p.m.

The selectmen agreed to place two notices on the bulletin board near the Town Clerk’s office and on the Town web site: 1) a request to residents to seriously consider offering to volunteer for public functions – examples being service as poll workers in election days, helping with such projects as cemetery clean-up and helping paint Town Hall, and 2) a notice regarding an on-line survey recently launched by the Southwest Region Planning Commission that seeks information about transportation needs and other concerns that older residents in town might have.

Police Chief O’Connor reported that he had made contact with an out-of-town man who had been seen running his dog (while the man was driving a car) on Middletown Road. Chief O’Connor informed the man that he should not let the dog run free; the man apparently knew that he was in the wrong, and offered an apology to the chief.

Selectman Rousmaniere reported that he will meet with Keene’s assistant city clerk in Keene on April 23 to inspect Town records that are stored in Keene’s temperature-controlled archive at 350 Marlboro Street; the purpose of the inspection is to see whether Town records from the 1880s contain any information regarding agreements or other formal arrangements that involve the city of Keene’s piping of drinking from Woodward Pond and underneath parts of Middletown Road toward Keene. Selectman Funk agreed to join in the inspection.

It was reported that the MS-232 form that describes voter-approved appropriations from Town Meeting is ready for the Selectmen’s signatures.

Selectman Funk filled out the manifest, which was signed. There being no further business, the meeting adjourned at 6:50 p.m.
