

### MARKET DAY ARRIVAL PROCESS

- Stallholders to enter market site via Cambridge St off Hamilton Hwy from 8am
  - Stallholders will be assigned a site number from the sign in area: stallholders to drive slowly to back of site (facing outward of market) and commence setup
  - Once setup, Stallholders are to move vehicle out of market site via Cambridge St West bound to park vehicle. If stallholder wishes to keep car at site it must be parked behind market site and not in obstruction of public walkways or other traders
  - All Sites are approximately 5m in width, giving a standard 3m marquee 1m clearance on each side for setup and trade
- Please note this site plan is only approximate and is subject to change\*
