

Keystone Bulldog Rescue of SWPA, LLC

Foster Agreement

This Agreement is made and entered into by and between Keystone Bulldog Rescue (herein after referred to as KBR) and _____ (hereinafter referred to as foster) this _____ day of _____, 2018.

Bulldogs are typically affectionate and friendly, and KBR not knowingly place a dog with an unsound temperament. However, no one can predict how any dog will react in a given situation without full knowledge of its life experiences before rescue. Therefore, fosters are strongly urged to exercise prudence and caution in introducing a rescued Bulldog into new situations until it has become fully adjusted to its new environment and the foster has had an opportunity to become familiar with the dog's unique personality. KBR makes no claims, representations, or warranties regarding the temperament, behavior, or health of any rescued Bulldog.

Foster understands and agrees that all dogs placed in foster care by KBR are not owned by the foster; they are owned by KBR and are not to be sold, given away or otherwise subjected to any circumstance, including but not limited to euthanasia, that would compromise this agreement. Foster further understands that KBR will have the final say in placing bulldogs and that if the foster wishes to adopt their foster bulldog, they must notify KBR as soon as they make this decision and submit the predetermined adoption donation prior to dog being listed as available for adoption.

KBR is not responsible for damage or loss to third parties involving rescued bulldogs while under its care. **Important:** Fosters are not insured against loss or damage to themselves. Therefore KBR strongly recommends that fosters consider obtaining appropriate insurance coverage for themselves. Providers of homeowners' insurance can explain the requirements and costs of such protection.

The foster agrees to:

- ⌚ Provide food, shelter and necessary transportation to and from veterinary appointments, events etc at no charge to the rescue.
- ⌚ All dogs must be kept indoors in air conditioning. Due to them being a brachycephalic breed, bulldogs are very temperature sensitive and can easily and go into heat stroke if allowed to be outdoors for extended periods of time.
- ⌚ Keep bulldog contained in the yard at all times either with the use of a physical fence (invisible fence not acceptable) or leash and further agree to never leave their dog unattended.
- ⌚ Make an effort to bring dogs to events for exposure when weather and temperament permits.
- ⌚ Provide regular updates and pictures and allow a KBR representative to come check on the dog as deemed necessary.
- ⌚ Provide necessary veterinary treatment from a veterinarian well-qualified to treat Bulldogs. Except in cases of emergency, veterinary treatments other than those related to the annual examination, including all surgical procedures must receive prior approval. In the case of an emergency, foster agrees to make a reasonable effort to contact a KBR representative.
- ⌚ Comply with all local, state and federal ordinances and laws relating to keeping a dog including leash/license laws
- ⌚ Keep the Bulldog at the residence address stated below and provide the new address and/or telephone number to a KBR representative immediately in the event of a change of residence or telephone number.
- ⌚ Never give or sell this dog to another person, agency, animal shelter or to allow it to

be used for experimentation, dog fighting, or any other commercial or illegal activity

- ⌚ Immediately notify KBR if dog is lost
- ⌚ Immediately notify KBR representative to return the dog if no longer able to keep the dog, allowing for reasonable time for KBR to find a replacement foster home
- ⌚ Never leave state lines with bulldog unless receiving prior written consent.
- ⌚ Permit a KBR representative to observe the premises where the dog is housed and to reclaim the dog if, in the sole judgment of the KBR representative, it is not being cared for as agreed to in this document, or if KBR is required to return the dog to a third party, or if facts have been misrepresented to KBR.
