

KELVIN GROVE CLUB

RESPECTING THE PAST • EMBRACING THE FUTURE

20th June 2017

Reference.

L A Refrigeration.

LA Refrigeration has been used extensively by us at Kelvin Grove Club over the past eight years, servicing our air cons, Ice machines and under counter bar fridges, together with supplying and installing new units.

We have found their workmanship of the highest standard. Leon's knowledge of the industry has saved us plenty in that assessment of work to be done are first carried out and discussed.

We have found the staff from the receptionist to the general foreman on site, to be reliable knowledgeable, and trustworthy.

We believe any organization would benefit from having a working relationship with LA Refrigeration, because of their knowledge, skills and workmanship.

Kind regards.

Brian Chetty.

Estate manager

Kelvin Grove.
