

Biography

Bob Riggs from Centennial, Colorado is a professional caller, teacher and entertainer. Our Mainstream, Plus and Advanced dances provide entertainment for hundreds of dancers each year. His classes help new and existing dancers improve their skills. In addition, his experience includes seminars on various topics of interest to callers, dance leaders and dancers. As a member of Callerlab, Bob serves on the Board of Governors and as Chairman of the Committee for Community & Traditional Dance.

A member of Callerlab since 1985, the Lloyd Shaw Foundation since 1989, and the Denver Area Callers & Cuers Association since 1983, Bob brings a diverse experience in local, regional and national leadership of the square dance activity. Teaching and dance entertainment are his specialty whether the forum is a dance party, a square dance or a convention. For dances the material may involve round dancing, contra dancing, and/or square dancing from community dancing to the advanced program.

Finally, Bob is actively engaged in the training of callers through his involvement in multiple caller's schools during the last few years and has mentored local and regional callers in the Rocky Mountain region.

Bob has contributed to the programs of many national, regional and state conventions including USA West, the Colorado States Festival, South Dakota State Festival and New Mexico State Festival.

Our greatest joy is seeing dancers enjoy themselves through dance.
