

## School Vision and Mission Policy

### **Rational:**

A school as a professional learning organization has a shared vision that gives it a sense of direction and serves as a motivating force for sustained action to achieve individual and school goals. Having a shared vision is more an outcome of a process than it is a starting point – a process that involves all staff, students, parents and other stakeholders.

### **School Vision:**

*We at Emirates Falcon international private school are eager to create a safe and caring environment where students gain self-confidence and become positive learners. We are committed to make our school a center of attraction, distinction and creativity to be among the best advanced schools in the UAE.*

### **EFIPS Mission:**

To provide a convenient teaching –learning environment that leads to gaining academic excellence and preparing students for long-life learning our school –administrators, teachers and parents believe in the following:

- Partnership between the school and parents. This cooperation is the key for success at both the student's academic and personal levels.
- We all should work hard towards developing students' sense of responsibility, teamwork and self-reliance.
- Students should be given the chance to cope with modern developments in the field of technology, making use of the past and respecting traditional life achievements.
- We should develop with our students love for ongoing learning, research and critical thinking. Continuous learning is a lifelong process that is essential to a productive and enriched life.
- The school regards it important to develop gifted students' skills and sharpen their talents.
- We believe on ALLAH and Islamic religion, Trustworthiness, respect, responsibility, fairness, caring, and citizenship are essential to the wellbeing of individuals and society.
- All individuals have intrinsic value.
- Every individual can contribute something of worth to society.
- High expectations lead to higher performance, which, in turn, empowers the individual and strengthens society.

- Professional learning will challenge thinking as part of changing practice
- Professional learning will connect work-based learning and external expertise
- Professional learning will be based on assessment and feedback
- Time and other resources will be provided to support professional learning
- The school's culture will promote and support professional learning
- Staff will be encouraged to learn how to work together as a team
- Collaborative working and collective learning – face-to-face and through ICTs – will focus and enhance learning experiences and outcomes of students and/or staff practice
- Staff will feel comfortable turning to each other for consultation and advice

- 
- Staff will encourage to reflect together on how to make their own learning more powerful

### **How to publish and communicate the school's vision and mission:**

- School website.
- Principal-Stakeholders meetings.
- Staff meetings.
- Communication with parents in Meetings.
- Reports to parents.
- Provide training for staff and parents to promote high expectations.
- Include it in all of key messages and in both internal and external documents.
- Make the effort to seek the opinions and ideas of all of key stakeholders to help drive the vision forward.
- Thorough Internal newsletters, external magazines, prospectus, induction and recruitment packs and social media.
- Display the vision and mission on a wall at the school entrance and in playgrounds so it is the first thing people see.
