RE: Fire Sprinkler System Coverage

To whom it may concern:

This is in regard to Fire Protection System coverage at the following property:

Laguna Pointe Condominium
4050 & 4060 Indigo Drive
Pensacola, FL 32507

The building is equipped with a NFPA 13 Hydraulic Calculated Fire Protection System; the building fire sprinkler system is in compliance with NFPA Standards. Sprinkler Head coverage includes: foyer, kitchen, bedrooms, bathrooms (over 55 sq ft), living room, hallway, laundry room, walk in closets (over 55 sq ft), AC/Utility closet and dining rooms.

The Quarterly and Annual Inspections, Testing and Maintenance for the Fire Sprinkler System are performed by our Company in accordance with NFPA 25 (National Fire Protection Association) Standards, The State of Florida and the Local Authorities requirements.

The fire alarm is monitored by a remote station 24 hours a day, in accordance with NFPA 72.

Please feel free to contact me with any questions.

Sincerely,

Mary McMillan
