Class A 20 Watt Single Channel All Tube Amplifier

Introducing the **MOORESOUND 1013** Single channel all tube 20 Watt class A amplifier. This amp is truly golden! The **1013** wears an undeniable crown for delivering pure tone with smooth punch and pleasing harmonic overtones. The midrange bite, clarity, and sustain are outlandish. The power section produces the most intense, yet beautiful treble grind. The sonic clarity, and articulation of the **1013** are simply mind blowing!

With just the guitar volume, and the supplied footswitch this amp is capable of shimmering cleans, grinding rhythm, and singing leads. This amp is truly a purists dream. The straightforward signal path, and rugged construction make this amp the best choice for professional rigs, recording studios, and the weekend warriors!

Mooresound Warranty Information:

Amp 3 years parts and labor. Tubes are manufacturer's warranted for 90 days. Technical support 760.705.7314 or email us at: info@mooresound.com
