Why do we have Parent/Teacher Conferences for Preschool, PreKindergarten and Young Fives?

This is the time for both you and the teacher to discuss your child's progress.

To discuss your hopes and concerns.

If you have a specific concern or question it would be helpful for you to let the teacher know in advance. This will give the teacher time to research and be prepared with evidence for you. A follow up conference may need to be scheduled at a later time.

Please try NOT to bring your child to the conference.

These conferences are informal and comfortable!

You will take home a copy of the DRDP (Desired Results Developmental Profile) used to assess your child. This contains 8 Domains with a total of 52 Measures pertaining to individual domains. All of this will be explained to you by your child's teacher(s).
