

# What's the Buzz with WAC Alignment?

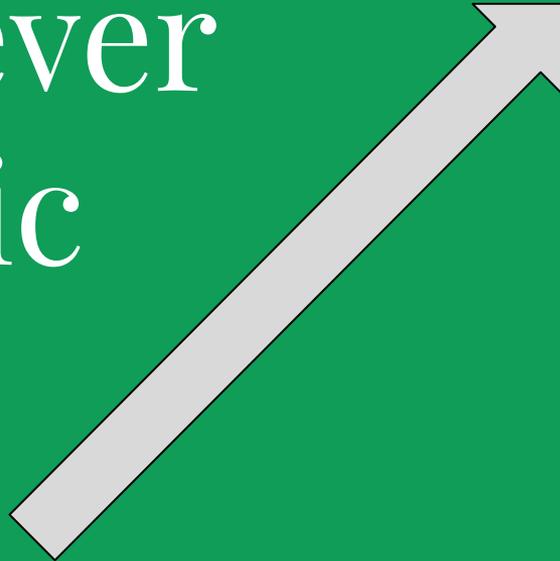

**Presented By: Mrs. Mary Curry**

Have you ever  
had a traffic  
violation?

A Speeding  
Ticket?

What's the Difference?

A DUI?

# Which ticket gets a higher penalty and why?

The weighted WACs seek to change the way we view and treat WACs regarding the care of children. Higher offenses will have higher consequences. Lower offenses will be treated with training and technical support.

**This is how the New  
Weighted WACs will work**

# Licensing Scores

## What is a Licensing Score and how does it effect me?

With the WACs being weighted, each Provider will be given a score. The scores are gathered in 4 Tiers. Each tier determines the disciplinary actions or lack thereof that licensing may pursue with each Provider.

*\*\*This process begins August 2018, each provider will begin with a clean slate\*\**
