CERTIFIED JAIL MANAGER

MARION COUNTY JAILER BARRY BRADY

"The Jail Manager Certification Commission (JMCC) and the American Jail Association (AJA) promote the concept of voluntary certification for all jail managers. Certification is part of a process called credentialing and focuses specifically on the individual. It provides documented evidence to the public that the individual has been examined by an independent professional organization and found to possess current competency in his/her field. Certification documents the mastery of a strong level of knowledge in the specialty. It provides a form of recognition and achievement, indicating to one's peers that the individual has taken the time and effort, beyond job experience, to learn the Body of Knowledge, thus exhibiting a significant commitment to working in the profession."

I have been blessed to work at MCDC for 21 years; the growth of this jail is phenomenal. Marion County is fortunate to have the only seated jailer in the state that is a certified jail manager, as well as being the first to implement clinical programs helping inmates to overcome their past and face future obstacles.
