OTHER IMPORTANT PARADE NOTES

** During the parade your entry must not stop for performances, unless safety is an issue, then your stops must be limited to 30 seconds.

*** Parade line-up: placement is at the discretion of the Parade Committee and takes into account participant safety, animals, music and entry size. Requests for placement are taken under consideration but not guaranteed. Thank you for your cooperation. No parade line up changes will be made after line up announcements are made on the week of the parade. Failure to comply with parade line up during the parade, will result in disqualification from parade judging.

****The Maple Valley Days Parade is a family event. Please respect our families and young children as you are planning your entry, your dress, etc. If your entry is potentially scary, please keep your audience in mind and refrain from scaring young children.

*****Parade entries who have small children should have ways for children to ride in the parade (i.e. strollers, wagons, etc). The route is one mile long. After waiting in staging, many children have a tough time making it all the way down the parade route.

*****Your performance ends at the entrance to the park. Please plan to continue to walk through the park. DO NOT disassemble before entering the park. Should you or anyone in your entry need to get back to the staging area, you may take a short cut through the arboretum. Please do not use the parade route to get back to the staging area until the entire parade is over. If you would like to watch the remainder of the parade, please go out the Lodge Road and watch the parade at the final turn.

*****Failure to comply with parade rules and guidance of parade volunteers on parade day may lead to disqualification from parade awards and potentially, future disqualification from the parade entirely.

*****It is the the responsibility of the parade contact (person who signed up for the parade for your entry to make sure that all participants in the parade entry understand these rules.
