FAIR HOUSING AND REENTRY, THE CONVERSATION BEGINS.

Legacy Founder, George Moore Jr. was invited to sit on a Fair Housing and Reentry Panel, hosted by The Housing Authority of Campaign County. With a plethora of experience and keen insight, it made for a very engaging and transparent dialogue about the realities of re-entering citizens, and the lack of housing upon release. It also magnified the need for more open conversation about some things that can be put in place to address the stigma landlords are confronted with when a potential tenant has a background. Thank you, David A. Nothern Sr. for starting a necessary conversation.

Just Mercy screening

Join us as we celebrate the work of social justice advocate Bryan Stevenson and the release of the movie "Just Mercy" - based on his bestselling book. Bryan Stevenson has committed his life's work to helping those whom the system has forgotten. We are partnering with several organizations and private citizens to make an impact on the lives of our youth. This movie will inspire, offer hope and quite possibly restore the fundamental belief that there is justice for all.

Testimony from a client turned volunteer

Facing the uncertainty of no job, my husband and I found ourselves asking God to provide. After attending a community meeting at our church regarding social justice I learned of the Legacy Reentry Foundation and did some research on what Legacy was all about. I noticed that Legacy provided an opportunity for ex-offenders to work with a local staffing agency to secure full time employment. My husband and I went to the Legacy office that following Tuesday morning where he was interviewed and hired to start a full time job the following Monday. Praise God for the work that Legacy does supporting those in the community that need a jump start! God began working on my heart about how I could be a part of this important ministry and I began to pray about it. At a second community meeting I had the opportunity to meet George Moore and Legacy board member Beth Pope and discuss volunteer opportunities with them. Today I am proud to be a volunteer for Legacy and I look forward to what God is going to do through the ministry! -Renee Heckman Brown

& L.E.A.D LEGACY ENTREPRENEUR & DEVELOPMENT PROGRAM

Reaching Out

As we approach the holiday season, let's continue to pray for, support and reach out to those who may be struggling with depression, the loss of a loved one or facing an issue that may not be so easy to identify. If you know someone who may be struggling, please provide them with this number. 800-273-8255.

National Suicide Prevention Lifeline

We are so excited and pleased to announce our partnership with YOUTH ENTREPRENEUR, a nationwide organization that teaches youth, adults, the incarcerated and formerly incarcerated the principles of entrepreneurship. One of the many ways we believe success is achieved is through the actualization of passion. For many of those in need of a second chance, entrepreneurship is a way to accomplish that. We are excited about the many lives we know this program will impact and that our community will benefit greatly because of it. Stay tuned for updates and enrollment.

let's get MOD

What started out as a vision and a room with a couple of chairs being used as shelves to put clothes on them - turned into serving over 80 plus people per month. From clothing the formerly incarcerated, to those displaced by a fire, to a person needing burial clothes; we have served all.

We are so grateful for the Lake County community for rising to the occasion and our staff Elbert Massey, Joseph Thomas and our volunteers who maintain continued excellence in serving our clients.

Thank you for allowing us to serve you! We appreciate your prayers and are grateful for your continued support. During this holiday season we pray God's richest blessing upon you and your family. We pray that you reap a season of tremendous joy and love overflowing.
