SR4 U16 Transitional Series

Background

COTECC Sub-Region 4 is embarking on establishing a series of U16 Transitional tournaments similar to that of the COTECC U12 and COTECC U14 which will only be opened to players from SR4. These tournaments will form part of a SR4 U16 ranking system. Points gained from ITF U18 tournaments within SR4 as well as the SR4 U16 Series Championships will also be factored into the SR4 rankings. The U16 series will culminate with an end of year SR4 U16 Masters Finals in which the top performers within SR4 will compete.

The goal of these tournaments is to bridge that transitional performance development gap that players traverse as they go from COTECC U14 tournaments to ITF U18 tournaments. It is proposed that each of the SR4 countries that organize ITF U18 tournaments also organize a SR4 U16 tournament covering the 3 days (Tuesday-Thursday) prior to their ITF U18 qualifying Sign-in on the Friday.

As an incentive to the participants, an ITF U18 main draw wild card is awarded to boy and girl that win the SR4 U16 Tournament or the player next in line who needs it.

SR4 U16 Transitional Series

These will be a series of tournaments which will be held over 3 days in the lead-up to an ITF U18 tournament sign-in at the host country. This tournament will provide players with the much needed match play heading into their ITF tournament while serving the development need of the players of COTECC SR4.

As an incentive to players, we are requesting that each organizer allocates one (1) main draw Wild Card to SR4 which will go to the boy and girl who wins the U16 Transition Tournament they host or to the next best performing player who need to gain access to the main draw.

Ranking Points System

Points for the SR4 tournament are allocated based on the Grade of the ITF U18 tournament for which the wild card is to be awarded.
