

FREQUENTLY ASKED QUESTIONS

Why should Denver incorporate?

Incorporation of a municipality allows for **local** community control over the incorporated area. Denver has more distinct challenges and needs than other areas of Lincoln County and this will allow for local representatives to make decisions to better benefit the area. Incorporation also allows for the eligibility to receive certain federal and state grants or loans not currently available to counties. The Town of Denver is intended to augment what the County provides. Denver is willing to increase taxes locally to provide what is needed, instead of asking the entire County to foot the bill, or continuing to fall behind in road improvements.
