Why choose the Washington Barrel Racing Association to meet your advertising needs?

History

WBRA is an independent non-profit organization that takes great pride in providing a fun and competitive barrel racing forum with one hundred percent of the profits going back to our members. **WBRA** was established in 1959 by a group of ladies striving to bring their favorite sport of barrel racing to the world of rodeo. These ladies worked with the rodeo associations and are solely responsible for introducing barrel racing to all of the professional and amateur rodeos in the state of Washington.

WBRA offers our members an open division for the experienced and accomplished horses in the the association. We provide a variety of novice classes and divisions for up and coming horses. The novice divisions give young horses an opportunity to develop into the next great open and rodeo horses, and to ensure the future of our industry and association, we have a Youth and Junior division. We are growing the next generation of champion barrel racers.
