

## Why hire RTA?

The comprehensive range of RTA's current and databased material enables organizations to quickly shift focus and immediately have an advanced understanding of the situation.

Proprietary *GETS* software, processes, and expertise facilitate efficient RTA operations and detailed products at low cost.

The early cueing of information aids organizational leaders in rapidly formulating plans or altering responses.

RTA material enables organizations to spend their time developing knowledge, not conducting time consuming and tedious open source information gathering.

# Resolution Technology Analytics, LLC

**Technology.  
Understanding.  
Now.**

The mission of RTA is to be the leading provider of curated open source information related to the illicit usage of technology worldwide and international developments in technology that could lead to its illicit usage.

## Why open source information?

- ✓ Extensive
- ✓ Quick
- ✓ Cheap
- ✓ Valuable

Using this public source information, without resorting to illegal means, it is possible to gather at least 80% of information about the enemy.

– Al Qaeda Training Manual translation

## What does open source provide?

- ✓ Information otherwise not available
- ✓ Wide geographical coverage
- ✓ Rapid cueing for investigation
- ✓ Complement to other sources
- ✓ COTS product details
- ✓ Knowledge of what others are seeing
- ✓ Lack of usage of items

## RTA and Open Source

- ✓ RTA specializes in finding and analyzing illicit usage of technologies
- ✓ RTA offers technical perspective, understanding of important characteristics, and continuity
- ✓ Thousands of sources evaluated daily utilizing the *GETS* software suite
- ✓ RTA looks across time, place and manner to immediately recognize changes to technology
- ✓ RTA maintains the most extensive database of illicit technology incidents and developments

## Benefits of the *GETS* database

- ✓ Understanding
  - \* Centralized repository
  - \* Technology usage & evolution through time
  - \* Usage techniques, trends
  - \* Correlation across geographic areas
- ✓ Reference
  - \* Usage history
  - \* Information exchange
  - \* Baseline & context for further study
- ✓ Instruction
  - \* Experienced personnel can broaden knowledge base and swiftly shift to new areas
  - \* New personnel can quickly gain broad baseline understanding of technologies and their employments
  - \* Syllabi material
