

# SIZING GUIDE

The sizing tools below will help you find the right Aqua Knuckles. You will need to PRINT THIS PAPER BEFORE DOING ANYTHING to make sure the below measuring units printed out accurately from your home printer.

Please use your own ruler to measure this:

Sizing tool one – use your own ring to find the right size:

Please print out the below Ring Size Guide. Place your own well-fitting “**ring finger**” ring on each circle until you find a match. The black circle should trace the inside of your ring.

<b>5</b> 15.6 mm	<b>5.5</b> 16.0 mm	<b>6</b> 16.45 mm	<b>6.5</b> 16.9 mm	<b>7</b> 17.3 mm	<b>7.5</b> 17.7 mm
<b>8</b> 18.2 mm	<b>8.5</b> 18.6 mm	<b>9</b> 19.0 mm	<b>9.5</b> 19.4 mm	<b>10</b> 19.8 mm	<b>10.5</b> 20.2 mm
<b>11</b> 20.6 mm	<b>11.5</b> 21.0 mm	<b>12</b> 21.4 mm	<b>12.5</b> 21.8 mm	<b>13</b> 22.2 mm	

Sizing tool two – paper ruler wrap:

Print out the paper sizing tool below. You will need to slide the end tab “B” through slot “A” and wrap the sizer around the base of your **ring** finger. Please make sure to allow size for your finger’s own knuckle. The number aligned with slot “A” is your ring size.
