

FEES AND LENGTH OF COUNSELING

Counseling sessions will generally last about 60 minutes. Depending on the nature of the presenting problems(s), sessions are held one per week although this may vary according to the needs of the client. It is difficult to predict how many sessions may be needed in regard to a client's presenting problem(s). Your counselor will be better able to discuss with you an approximate number of sessions after you and she/he have explored your situation in some detail--usually after two or three sessions. At any time during the counseling, for reasons sufficient to himself/herself, the counselor, or you the counselee- shall have the option of terminating counseling.
