

# **CREATION OR EVOLUTION?**

## **WHO CAN PROVE IT? WE HAVE THE PROOFS.**

You can eat healthy food, have a strong heart, have the best health, and yet you can still die. If there was not a hole made in your rear exit, so the leftover food can come out, you would explode! Who knew that in advance, physics or God? Somebody must have known in advance. Does this take wisdom or not? Does physics have wisdom? No. Does evolution have wisdom? No. Who has wisdom? God. So God created us. It is a proven fact that the whole human body is a technology. In order to have technology, we need wisdom. When we see wisdom in something, that is technology. If you take physics combined with your wisdom, you can create something else. Again, this is technology.

The wisdom becomes the word. Did you hear the word, or wisdom, through your ears? You can read it on the paper through your eyes. However, you recognize it by your brain. If your brain is governed by foolishness you have a major problem because then it is extremely difficult to recognize wisdom. Man's body is full of wisdom. Whose wisdom? Physic's or God's? So what does your brain see? Does it take wisdom to have that hole in your rear or it doesn't? Did the finished product come in advance or after? Can evolution know this in advance? No. So why do they say evolution? They say it because their brains are governed by foolishness. This is a serious, catastrophic problem all over the world. Most universities worldwide teach the students about this foolishness, brainwashing them against the True Creator. Do you know why Creator God gave us life? Do you know the purpose?

The purpose is to learn to live perfectly with others and with God. This is the most important purpose for our lives. God is all wise. He governs His kingdom by perfection. So God wants to teach us the perfection of knowledge and life, and His kingdom can only stay forever by perfection. If we fight and kill each other, it is a proven foolishness. God sent someone to the human race, and He is the Savior of the world. God sent Him; physics did not send Him. And God raised Him from the dead; evolution did not. His name is Jesus Christ! In the wisdom of God, you will find the perfection of knowledge and life as you read it.

Jesus is the Wisdom of God. His Gospel teaches us the life of the God's Kingdom which is a perfect, holy, and sinless life. Even Jesus' life proved that since He was perfectly obedient to God living a life without sin. This is mandatory, and it begins with true repentance. Jesus spoke about this in John 3:3. Jesus always taught about the Word of God, not what I say, what you say, or what any man says. Some preachers take the place of Jesus. They think they know all the Wisdom of God. But Jesus sent the world another all-wise teacher, and we know Him as the Holy Spirit. Jesus gave a command, "The Holy Spirit will teach you ALL the truth," John 16:13. The Holy Spirit is God, John 4:24, and the Holy Spirit has all the Wisdom of God. The Holy Spirit is above all the preachers of the world. So how much do you know about the Spirit of God? Read 1 Corinthians 12:1-11 to find out more about the Spirit. How much experience do you have with the Spirit of God? Jesus says, "If you love me, keep my commandments," John 14:15. The Wisdom of God is above all religions. The Wisdom of God alone is the true religion in the whole universe and teaches us the perfect education for anyone, anywhere.

The Wisdom of God gives beautiful life, perfect life, and everlasting life, and it's free. However, you must learn and walk by the Wisdom of God. The very first wisdom and life together is the first personality in the whole universe. He is the Almighty God. So my brothers, before life there is knowledge and before knowledge there is life. Can your brain see that? You want to go to heaven, to live forever with God? You must get VERY SERIOUS with Jesus! You must obey Him totally. There is no other way to make it because Jesus says, "I am the Way, the Truth, and the Life, nobody goes to the Father but by me," John 14:6. Jesus commands us to follow His Gospel. This is our life and salvation, and again, you must read it! Amen.
