

ALLEN PARK DANCE: TAP

CLASSES START SEPTEMBER 26

Ages: 5+

This class teaches rhythm, coordination, and an introduction to basic tap terminology. Rhythm is key in this style of dance. With both percussive and Broadway-style movements, students enrolled in tap class not only give their feet a workout, but their brains get one, too. Young dancers love the noise their shoes make and are amazed at how many different sounds can be generated with different parts of their feet.

Wednesday 5:35 to 6:05pm (Ages 5+)
