

Roberto Manzano Prize

This award will be given to the best contribution presented in COLAGE that has a student as the first author. One award will be given per each of the COLAGE sessions.

In order to participate, the student must express his/her desire of participating in this competition either by sending an e-mail to the award committee or by selecting this option during the registration process (in the abstract submission section). Only the candidates who manifest their interest in participating will be considered for the competition.

The committee reserves the right to declare the award vacant.

The Roberto Manzano Award winners will receive diplomas, their ALAGE membership fees will be waived for 4 years, and their COLAGE registration fees will be waived in the next two conferences.

In addition, books will be given to the winners sponsored by the ALAGE and the IEEE Geoscience and Remote Sensing Society (GRSS).
