Bateman-Gatrost Covid-19 Action plan effective March 25, 2020 – April 24, 2020

As you all may know, Jackson County has gone under a “stay-at-home” order for the next 30 days. Currently, our office is still able to treat patients that feel they are in essential need of our services. As an office, we are continuing to take drastic measures to maintain the health of our patients by taking extra disinfecting and cleaning measures in between each patient.

Hours effective 3/25/20 – 4/24/2020:
Monday – Wednesday – Friday  8:00 - 12:30 &  1:30 - 6:00

At this time we ask that only those being treated enter our office. All other family members will need to remain at home or in the car during this time unless the patient needs assistance.

If you or anyone in your family answers “yes” to any of the following questions, we are requiring you to reschedule your visit:

- Do you or anyone in your immediate family have a fever of 100.4 or greater?
- Do you or anyone in your immediate family have a respiratory infection, cough, or shortness of breath?
- Have you or anyone in your immediate family had contact with a confirmed case of COVID-19?
- Have you or anyone in your immediate family traveled to a high-impact area within the last 2 weeks?

Please call our office at 816-795-5000 to make any schedule changes.

When you arrive at our office, we ask that you only enter when it is your appointment time.

As we continue to receive information on the COVID-19 pandemic, we will adjust practices within our office. Please bear with us in the meantime for the potentially overwhelming amount of changes. We apologize for any inconvenience during this period.
