State of Alaska DOT AMHS SERVICE NOTICE:

On July 24, 2019, the Inlandboatman's Union of the Pacific initiated a strike. Alaska Marine Highway Vessels will not be sailing until further notice.

At this time, the Alaska Department of Transportation & Public Facilities is focused on the safety of passengers, crew and vessels. We are reaching out to ticketed passengers to work with them to reschedule, or offer refunds for tickets. We are working to return ships to safe harbor with adequate shore side support.

Your patience is appreciated as we work through the logistics of getting passengers rerouted. There is a heavy volume of calls at this time, we are doing our best to reach everyone as quickly as possible.
