*Due to the long stretch of unusual hot, dry weather,
the City of Seldovia is kindly requesting that you make an effort to
CONSERVE water.*

Some easy ways to do this:

- Take shorter showers; shortening a shower by two minutes can save up to 150 gallons/month
 - Keep yard and lawn watering to a minimum
 - Use grey water to water plants and gardens
- Turn off the faucet while washing hands and brushing teeth
 - Turn shower off while washing and lathering
 - Check for leaky toilet tanks and faucets
- Minimize evaporation by watering during the early morning hours when temperatures are cooler and winds are lighter.
- Use a hose nozzle or turn off the water while you wash your car. You'll save up to 100 gallons every time

The City of Seldovia thanks you!
Every drop counts!
