15.20.010 Enforcing officer. The Chief of Police of the City shall have direct supervisory responsibility for all city moorage facilities and waterways and is authorized to enforce the provisions of this title. (Prior code Sec. 8.015(a))

15.20.015 Unpaid fees and charges. Any vessel upon which mooring fees, utility charges or any other City fees or charges have accrued may be impounded and sold by the City for the unpaid charges and fees under the provisions of 15.20.016. Interest on delinquent fees and charges shall accrue at the rate of ten and one-half (10.5%) percent. (Ord 09-05 Sec 2, 2008)

15.20.016 Impounded vessel procedure. A. At least ten days prior to impounding any vessel, the City shall cause to be posted on the vessel, in the harbormaster's office, the City Clerk's office and on the bulletin board at the entrance of the United States Post Office, notice of such action to be taken by the City. A copy of the notice may be mailed by certified mail return receipt requested, to the owner or operator of the vessel at his last known address, which address shall be the same as that furnished in accordance with the regulations of the moorage agreement. The notice is effective when mailed. The notice shall contain the name and/or number of the vessel, the name and address, if known, of the owner or operator and location of the vessel. If the address of the owner or operator of the vessel cannot be determined, notice shall also be published at least once in a newspaper of general circulation in the City.

B. As to any vessel proposed for impoundment with the exception of any vessel deemed to constitute a clear and present danger to the public health, safety and general welfare, an owner or operator of the vessel has the right to a preimpoundment administrative hearing to determine whether there is probable cause to impound the vessel if such person files a written demand, on forms so provided for such a hearing, with the City within ten days after such person has learned such vessel will be impounded or within ten days after the return of mail receipt of the notice required by subsection a. of this section, whichever occurs first.

C. A hearing shall be conducted before a hearing officer designated by the City Manager within forty-eight hours of receipt of written demand therefor from the person seeking the hearing unless the person waives the right to a speedy hearing. Saturdays, Sundays and City holidays are to be excluded from the calculation of the forty-eight hour period. The hearing officer shall be someone other than the persons who will direct the impounding and storage of the vessel. The sole issue before the hearing officer shall be whether there is probable cause to impound the vessel in question. "Probable cause to impound" shall mean such a state of facts as would lead a person of ordinary care and prudence to believe that there was breach of federal, local or municipal law or regulation, or any agreement entered into pursuant thereto, rendering the vessel subject to impoundment. The hearing officer shall conduct the hearing in an informal manner and shall not be bound by technical rules of evidence. The person demanding the hearing shall carry the burden of establishing that such person has the right to possession of the vessel. The harbormaster/city manager shall carry the burden of establishing that there is probable cause to impound the vessel in question. At the conclusion of the hearing, the hearing officer shall prepare a written decision. A copy of such decision and reasons therefore shall be provided to the person demanding the hearing and the owner of the vessel if such owner is not the person requesting the hearing. The hearing officer's decision in no way affects any criminal proceeding connection with the impound in question and any criminal charges involved in such proceeding may only be challenged in the appropriate court. The decision of the hearing officer is final and may only be appealed to the Superior Court. Failure of the owner or operator to request or attend a scheduled preimpoundment hearing shall be deemed a waiver of the right of such hearing.

D. The hearing officer shall only determine that as to the vessel in question either that there is probable cause to impound the vessel or that there is no such probable cause. In the event that the hearing officer determines that there is no probable cause, the hearing officer shall prepare and date a Certificate of No Probable Cause, copies of which shall be given to the owner or operator and to the harbormaster. Upon receipt of such Certificate of Probably Cause, the harbormaster may proceed with impoundment and disposition of the vessel by removal, sale or destruction as authorized by this title.

E. Any vessel impounded shall be held by the City for a period not less than thirty days during which the City shall publish in a newspaper of general circulation in the City a notice describing the vessel in general terms, the name and/or number, if any, the name and address of the owner, or operator, if known, or if not known shall so state the location of the vessel and intention of the City to sell the same at public auction, on a day and at a place and time certain, not less than ten days prior to the sale, for cash to the highest and best bidder. At any time prior to the auction, the owner or operator may redeem the vessel by cash payment of all City charges against the vessel.

F. If at the public sale there are no bidders for the vessel, the City may destroy, sell at private sale or otherwise dispose of the vessel. The disposition is to be made without liability of the City, its employees or agent to the owner, master or any lien holder of the vessel. (Ord 09-05 Sec 2, 2008)

15.20.017 Limitation of Liability. A. The authority granted to the harbormaster pursuant to this chapter shall not create any obligation or duty requiring the harbormaster to take action to protect or preserve any vessel or property located within, or utilizing the small boat harbor.

B. The City does not accept control of vessels or other property moored or store in the small boat harbor. When the City assigns moorage space to a vessel or assigns storage space to a vessel or other property, the City is not accepting possession or control of the vessel or other property. Unless the vessel or other property is formally impounded by the City, the vessel or other property shall at all times remain in the exclusive possession and control of the owner or operator of said property and the City is not acting, and shall not be held liable in any manner, as a warehouseman or a bailee.

C. Even when the vessel is impounded by the City, the City shall not be liable for the safekeeping or condition of the vessel and shall not be held liable in any manner, as a warehouseman or a bailee.

D. The City shall not be liable for any loss or damage resulting from use of the small boat harbor or any small boat harbor facility from any cause whatsoever, except and to the extent solely caused by the City's own negligence or intentional misconduct. The City disclaims any and all other liability, whether for negligence or other tort, in contract or otherwise, and specifically disclaims any warranty or whatsoever kind of nature including, but not limited to any warranty of workmanlike service or performance. The liability of the City for damages caused solely by its own negligence or intentional misconduct shall be limited to the reasonable cost of repairing the vessel or other property that was moored or store in, or making use of, the small boat harbor or small boat harbor facilities. The owner of the vessel or other property assumes all responsibility for any and all other claims or damages otherwise resulting, including, but not limited to, claims by owners or third-parties for property damage, personal injury or death, pollution or

discharge of a polluting or hazardous substance (together with clean-up, removal and remediation of same), as well as any direct, indirect, special, consequential or commercial damages, claims for loss of profits or earnings, or other claims or damages of whatever kind of nature.

E. Each owner of a vessel or other property moored or stored in, or making use of the small boat harbor or small boat facilities, releases and agrees to defend, hold harmless, and indemnify the City and its officers, employees and agents from and against any and all losses, claims, demands, actions, damages, liabilities or expenses of every kind, character and nature whatsoever (including, but not limited to, personal injuries, death, environmental contamination, property damage or employee liability) arising out of, resulting from, or in any way related to use of the small boat harbor by the owner or owner's agent, employees, invitees, guests or passengers, except where liability for same is caused solely by the City's own negligence or intentional misconduct. Defense shall include payment of actual attorney's fees and costs. The owner waives any right of subrogation against the City which might otherwise arise upon payment of a loss by owner's insurers. (Ord 09-05 Sec 2, 2008)

15.20.018 Nuisances declared—Removal. A. For the purposes of this title and in the interest of the greatest use of the facilities of the Seldovia harbor and the municipal waters by the general public, vessels in the Seldovia harbor and elsewhere on the municipal waters that are illegally moored, cause an obstruction to navigation, or that are abandoned or derelicts or unfit or unseaworthy or which are maintained in such manner as to make them liable to sinking for lack of being pumped or other maintenance, or which are unsafe or which are maintained in a manner as to constitute a fire hazard, and sunken vessels and vessels in imminent danger of sinking, are declared to be nuisances and subject to abatement and removal from the Seldovia harbor or other municipal waters by the City or its agents, without liability of the City for any damage done by virtue of the removal or for any of its consequences.

B. Refuse of all kinds or any other obstructions or debris are declared to be public nuisances, and it shall be unlawful for any person to place, or cause to be placed, any public nuisance in the Seldovia harbor or in the municipal waters, or on the shores thereof. Nets, gear, and other materials left on any float or dock for more than twelve hours are hereby declared a public nuisance. Any person causing or permitting the nuisances to be placed as aforesaid shall remove the same and upon his failure to do so, the same may be removed or cause to be removed or stored commercially, all costs of such commercial removal or storage shall be paid by and recoverable from the person creating the nuisances and shall not excuse the person responsible therefore from prosecution hereunder. Any nuisance under this subsection may be impounded, disposed of by destruction, private or public sale, or by any other means deemed reasonable by the harbormaster. Such disposition is to be made without liability of the City, its employees or agents to the owner, master or any lien holder of the nuisance.

C. Vessels declared a nuisance under subsection a. of this section that do not constitute a clear and present danger to the public health, safety and general welfare may be moved, impounded, or disposed of according to the procedure provided in section Impound vessel procedures 15.20.016. (Ord 09-05 Sec 2, 2008)

15. 20.019 Nuisances—Abatement procedure. A. Unless otherwise provided, the procedure set forth in this section shall apply whenever a vessel has been impounded or removed or a nuisance vessel abated pursuant to subsection 15.20.016(a) or otherwise, and the preimpoundment administrative hearing procedures of section 15.20.016 were not followed.

B. An impoundment is effective when a written order of impoundment is placed on a vessel. An order of impoundment shall identify the vessel, state the reasons for impoundment, and be dated and signed by the harbormaster or his/her authorized designee. An impounded vessel may be immediately towed or otherwise removed upon the order of the harbormaster. Nothing in this subsection b. shall be construed to prevent the City from using alternatives to impoundment, including without limitation removal or other means to abate a nuisance.

C. When action is taken to impound, remove, or otherwise abate a nuisance vessel, notice of such action shall be placed on the vessel if possible, and within 6 hours a copy of the notice shall be personally delivered or placed in the U.S. mail addressed to the owner of the vessel. The notice is effective when mailed. The notice shall include the following substantive provisions:

ATTENTION: The vessel _____ has been impounded/removed/abated by the City of Seldovia harbormaster as a public nuisance for the following reasons:

As the owner of the vessel you have the following options (those that apply are checked):

_____ The vessel has been impounded and you may recover possession of the vessel by paying to the person having custody of the vessel the towing, storage, and other charges that may have accrued. The vessel is at the following location:

_____ The vessel has been removed and you may recover possession of the vessel at the following location:

_____The vessel has been destroyed. You may direct any inquiries to the City of Seldovia City Manager.

_____The following action has been taken, and any option you may have is described below:

If you believe the vessel was improperly impounded, removed, or otherwise abated, you may:

1. In the case of an impoundment, recover possession of the vessel by paying any towing, storage, or other charges that have accrued, and you may claim a refund or reimbursement by filing a demand (on a form provided by the City) for an administrative hearing before a hearing officer as to whether the harbormaster had a sufficient factual and legal basis to impound the vessel; or

2. In the case of an impoundment , you may demand return of the vessel without paying the towing, storage, or other charges by filing a demand (on a form provided by the City) for an administrative hearing before a hearing officer as to whether the harbormaster had a sufficient factual and legal basis to impound the vessel; or

3. You may in any other case file a demand (on a form provided by the City) for an administrative hearing before a hearing officer as to whether the harbormaster had a sufficient factual and legal basis to impound, remove, or abate the vessel.

To be entitled to such a hearing, your written demand must be filed with the City Clerk (a) within 5 workdays after you learned that your vessel was impounded, removed, or otherwise abated or (b) within 15 workdays after the City mailed notice to the vessel owner of the action taken, whichever is earlier. If you fail to make a timely request for a hearing you will lose all right to challenge the sufficiency of the basis for the action taken.

If timely requested, the hearing must be held within 48 hours after the filing of your written demand, not including, Saturdays, Sundays, and City holidays, unless you waive your right to a speedy hearing. A determination that there was an insufficient factual or legal basis for the action taken will require the release of the vessel to the owner without payment of the towing, storage, or other accrued charges, or it will entitle the owner to a refund or reimbursement if the charges were already paid.

A hearing may be demanded by filing the appropriate form with the City Clerk at Seldovia City Hall between 8:00 a.m. and 5 p.m. on any day other than Saturday, Sunday and City holidays. (Ord 09-05 Sec 2, 2008)
