

The San Juan Shooting Range is located just eight miles from downtown Montrose on Dave Wood Road. The 95-acre property is located up high above Spring Creek Mesa and is almost completely surrounded by expansive BLM acreage. The range blends in with the natural landscape and is designed in a way that effectively isolates each shooting station from others around it.

We believe that shooting should be a family sport. The San Juan Shooting Range is a safe, private, scenic place to take yourself and your family for an afternoon's getaway. The single membership rate also includes your spouse and children up to 18. We encourage women and juniors to participate fully. There are also RV parking and facilities on site, as well as plenty of places to picnic, relax or just enjoy the scenery.

The range was built with the shooters in mind. There are graveled roads and parking. You can drive to and park where you want to shoot, sit on bleachers, turn on lights for night shooting or stop in the office for a cold pop. Compare with the rest and you'll want to shoot at the best!

The San Juan Shooting Range caters to practical pistol and cowboy action shooters, but shooters interested in all disciplines are welcomed and encouraged to join. Tell us what you like to shoot and we will do our best to accommodate you.

There are currently 20 separate pistol ranges varying from 15 to 50 plus yards, seven have lights. A large selection of cowboy action and action-type steel targets are always out for your use as well as target stands. Paper targets of all types are available in our retail outlet.

For rifle shooters, there are currently 50, 50, 100 and 200 yard ranges available.

There is a full-service retail shop on site. Ammunition, bullets, targets, gear and accessories, including snacks and soft drinks are available. Ask about all your range needs including new, used and custom-built firearms.

The San Juan Shooting Range is the home of Colorado Cast Bullet, Inc., which has been in business since 1982. They currently manufacture 40 different custom bullets on site.

Expert shooting instruction is available either on individual or group basis from Paul Miller, world-class cowboy and IPSC competitor. He is also an NRA certified instructor. Classes are available in firearms safety, marksmanship and personal protection. Special classes are geared to women and juniors. Classrooms are on site. See Paul Miller for details.

Approximately 35 matches are held each year. There are more major world class shooting competitions held here than just about anywhere. Come out and try it! This is a great way to get started in the action-packed shooting sports.

Other facilities and competition programs are always in the works. We have seasonal turkey shoots too, so no matter what your interests are, you'll find good company at the San Juan Shooting Range.

Membership dues are only \$150.00 per year. Members are entitled to full, unlimited use of all available ranges.

Come out and see what we have to offer. You'll be back..
