Systematic Affair Recovery Therapy (SART)™
Practitioner’s Training Certification 21 CEU’s
Hosted By Dr. Talal H. Alsaleem, PsyD, LMFT

Who Can Attend?

Systematic Affair Recovery Therapy was developed to provide counselors of all levels with a strategic and adaptive treatment method for helping couples heal from the trauma of sexual and emotional affairs. Working with couples in crisis can be overwhelming for new as well as seasoned clinicians, especially when considering the extreme emotional distress and feelings of hopelessness about the future of the relationship.

The knowledgebase you will gain from this workshop and the clinical interventions you will learn are based on extensive clinical work with couples dealing with infidelity and a comprehensive analysis of the academic literature in the field of infidelity counseling. Completing this workshop will expand your understanding of the process of healing and give you the clinical tools you need to help your clients recover individually or as a couple.

Training Objectives

By the end of this training, participants will:

- Learn about the seven milestones of healing from infidelity and be able to articulate the specific interventions needed to complete each milestone.
- Be able to evaluate their current treatment methods for infidelity and identify how to incorporate the new methods into their existing practice.
- Learn about common clinical challenges and pitfalls of working with clients dealing with infidelity and be able to identify specific steps to deal with each challenge.

Dr. Talal H. Alsaleem is an infidelity recovery expert. He is an award-winning marriage counselor and researcher. He is the author of the acclaimed book, *Infidelity: The Best Worst Thing that Could Happen to Your Marriage*, and the founder of The Infidelity Counseling Center. He developed Systematic Affair Recovery Therapy (SART), a method of infidelity counseling that has helped hundreds of couples navigate the challenges of the healing journey from affairs. Dr. Alsaleem is an international lecturer and speaker. His engaging talks have helped many counselors broaden their understanding of infidelity and gain the necessary clinical tools to help their clients recover from affairs.
