A. INTRODUCTION

This Dealer Copy of the Parts Book contains common and general information applicable to the Jaylor Manure Spreaders. It has been carefully designed to ensure that correct and accurate information is portrayed in every area of a typical unit, enabling efficient and effective service to the end user of Jaylor's products.

The format of this book consists of a fundamental breakdown of components and assemblies according to the area in which they are located or function on the machine. Each area of section contains illustrative information regarding a part or an assembly, along with information such as part numbers and quantities included. For details and pricing information regarding parts and assemblies depicted in the illustrations please contact Jaylor. Our service personnel will be more than willing to assist you in obtaining information as it pertains to Jaylor's line of products. Information and pricing for non-stock and/or custom items will be quoted on request.

Note:

Parts and assemblies in this book may not be exactly as shown. Jaylor reserves the right to make any changes/revisions/amendments at any time as deemed necessary to ensure that correct information is provided.

B. CONTACT INFORMATION

Contact Jaylor at:

**071213 10th Line
East Garafraxa, ON
Canada
L9W 6Z9**

Phone: (519) 787-9353
Fax: (519) 787-7053
E-mail: jaylor@jaylor.com
On the web: www.jaylor.com

C. GENERAL INFORMATION

It is important to use extreme caution when performing any type of service to this equipment. General information regarding service procedures and intervals is covered in the Owner Manual provided with the new product. For more specific product service, please contact Jaylor to obtain Technical Service Bulletins that outline the procedures and requirements for such.

It is also important to ensure that only Jaylor genuine or approved parts are to be used where applicable. Mismatched or incorrect components can result in machine damage or malfunction, or possibly personal injury.

D. PART NUMBERING SYSTEM

Jaylor's part numbering system consists of eleven digits as shown below:

XXX-000-12345

The first three digits are the **Product Group Code** (PGC), which consists of three alpha characters which will be referred to as (XXX). The next three numeric digits will be referred to as (000) and represent the **Product Code** (PC). The next five numeric digits represent the **Part Number** (PN) and are referred to as (12345).

The Product Code (PC) follows the following numbering convention:

PC	Description
000	Universal Parts
101	Box Parts
102	Frame / Chassis Parts
103	Ladder Parts
104	Wheel / Hub / Axle Parts
105	Beater Parts
106	Spreader Rear End Parts
107	Driveline Parts
109	Hydraulic and Pneumatic Parts
112	Decals
118	Electrical / Lighting Parts

E. SERIAL NUMBER LOCATION

When ordering components for Jaylor products it is important to include the machine model and serial numbers if applicable. The serial number plate is located on the frame of the machine as indicated in the diagram below:
