A Message from Your HOA President

Holiday Greetings Everyone!

Our next HOA meeting is Wednesday, December 4th. You can purchase your HOA membership before the meeting,

The HOA will be sponsoring the Christmas dinner again this year. Details to follow in the weekly bulletins available at the Recreation Desk.

The HOA's charity will be the Veterans Club's charities – Fisher House, Honor Flight, wreaths across America {all for veterans). The HOA will match donations up to \$500. Our display will be the mailbox in the rec lobby. Checks should be made payable to the HOA. Thank you for your support in these worthwhile charities.

We hope you all had a great Thanksgiving, and we look forward to wishing you a great Christmas and New Year. See you on the 4th!

Ed Carroll, Acting President

From the Editor

Homes are beginning to light up our neighborhood with visions of winter and Christmas! That's a good thing because the cooler temperatures belie the season when snow is falling up north.

On November 12, 2005, we woke up to find a slippery frost on the deck of our sailboat. We were tied up at the Visitors Center on the ICW in North Carolina, the first night after leaving Norfolk, Virginia. As we continued to motor south on the waterway the temperature warmed up, but it was still cold overnight at Amelia Island, layers of clothing and blankets needed to sleep comfortably.

Hollywood, Florida, was our Christmas destination where we met up with my son-in-law who was working for FEMA after "Wilma" came through. After that, we grew accustomed to the standard temperatures (70 to 85 degrees) we were to experience moving down the Eastern Caribbean islands all the way to Venezuela. When we settled here at SLCCV ten years ago, I had to get used to the heat!

Enjoy our cooler winter for it will all too soon be over, giving way to summer which usually lasts nine months of the year. Get outside, do some gardening, take a day trip or sign up for the Fitness Games to stay active. Remember to go Fort Pierce to take in the Christmas Lights display at the Marina. Make a New Year's Resolution to have a fun and healthy 2020!

MESSAGE FROM POOL COMMITTEE

Thank you to everyone for your support to heat the Guest Pool. Plans are underway to purchase and install two propane heaters as soon as possible, so that our friends and family can swim with us in a heated pool during the cooler months.

To recap: Wynne Corp is NOT paying for any costs related to heating the guest pool, NOT the equipment and NOT the cost of installation as that will be paid for by the HOA per the October vote, NOT the cost to heat and NOT any maintenance. The Guest Pool Committee is responsible for these expenses.

The Pool Committee is committed to raising the first year of heating costs and ensuing years along with starting a reserve for repairs so that when the warranty expires, funds are on hand for any needed repairs.

We have two FUNDRAISERS coming up so mark your calendars:

Cookie Sale on Friday, December 20th from 9-11:30am. If you can contribute cookies for the sale, please contact either Paula Wheatley @ 330-705-5726 or Donna Tarasek @ 772-409-4141.

Motown Event on Friday, February 7th. Watch Bulletin for details & ticket sale dates.

We want to give a HUGE Thank You to those who have made donations in support of us. We have over \$4,000 towards this year's goal of \$7,000. Donations are always appreciated at Clubhouse events such as Happy Hour or by mail to: HOA Guest Pool Committee, 21 Octavio, Ft. Pierce, FL 34951.

THANK YOU!

Tom Schneider and I have lived here for 15 years. When he passed in June, many of his friends had gone north. But on October 5th he had a "Celebration of Life" like no other! I want to thank the Veterans Club and all his friends for a wonderful loving farewell. Living in SLCCV is a pure joy! Thank you to all who brought food, sent cards and Mass cards. This is a village with great heart. Thank you all! From Mary Madden

THANK YOU!

I want to Thank all the people at Spanish Lakes for the lovely cards after John's passing and to all our Church Family that have been there for me. Special Thanks to Debbie Foote and also to Eric and Rachel Barreda. This is such a wonderful Community. From Carol and Susan Fike

A FUN CLUB FOR EVERYONE!

Come join us and see what we are all about. Three Rivers is now Just Older Youth. (J.O.Y.). We meet the third Wednesday of every month at 6:30. A new and different theme is featured each meeting.

December 18 will be our Christmas theme. Each person is to bring an \$8 to \$10 wrapped gift to exchange.

In January chocolate will be all the rage. So come see for yourself what all the excitement is.

THANKSGIVING THOUGHTS

Thanksgiving has come and gone! Here are some thoughts for next year, when we celebrate the 400th anniversary, or quadricentennial, of the first Thanksgiving.

“Being thus arrived in a good harbor, and brought safe to land, they fell upon their knees and blessed the God of Heaven who had brought them over the vast and furious ocean, and delivered them from all the perils and miseries thereof, again to set their feet on the firm and stable earth, their proper element.” - William Bradford

“We have come to this Rock, to record here our homage for our Pilgrim Fathers; our sympathy in their sufferings; our gratitude for their labors; our admiration of their virtues; our veneration for their piety; and our attachment to those principles of civil and religious liberty, which they encountered the dangers of the ocean, the storms of heaven, the violence of savages, disease, exile, and famine, to enjoy and to establish. And we would leave here, also, for the generations which are rising up rapidly to fill our places, some proof that we have endeavored to transmit the great inheritance unimpaired; that in our estimate of public principles and private virtue, in our veneration of religion and piety, in our devotion to civil and religious liberty, in our regard for whatever advances human knowledge or improves human happiness, we are not altogether unworthy of our origin.” ~*Daniel Webster, oration at Plymouth Rock, December 22, 1820 (The Pilgrim Bicentennial)*

Partisans of multiculturalism may contend that the American pilgrimage began with the establishment of St. Augustine in 1565, but that picturesque, historic town was simply a Spanish military outpost, and Florida was not one of the thirteen original colonies that joined together and declared independence on July 4, 1776.

Partisans of our British heritage can make a stronger case that the American pilgrimage began with the establishment of Jamestown in 1607 since this was the first permanent English settlement, the first representative assembly met here in 1619, and Virginia produced more than its share of distinguished Founding Fathers.

Thanksgiving Thoughts, continued

But Jamestown was founded simply as an extension of the English status quo, and the first settlers were less than Britain’s best. It was merely nominally religious, class-conscious Britain transported to a New World wilderness, and it struggled long with a series of frightening massacres and terrible insurrections before it began to resemble an orderly community or a prototype of American civilization.

On the other hand, an impartial observer can make a much more convincing case that the American Pilgrimage - and the unique American identity - began in the experience of the Pilgrim Fathers and settlement of Plymouth in 1620.

The Pilgrims were the very embodiment of “American exceptionalism” - their lives demonstrated an exceptionally clear understanding of and deep commitment to the principles of liberty with order, tangibly expressed in spiritual, religious, political, and economic self-government under a written constitution: a prototype of “one nation under God, with liberty and justice for all.” - Dr. Charles Wolfe, a founder of the Plymouth Rock Foundation, 350th Anniversary, 1970.

“Thus out of small beginnings greater things have been produced by His hand that made all things of nothing, and gives being to all things that are; and, as one small candle may light a thousand, so the light here kindled hath shone unto many, yea in some sort to our whole nation; let the glorious name of Jehovah have all the praise!” ~William Bradford, Of Plymouth Plantation

READY, SET, PLAY!

We here at SLCCV have everything right here! Yes, an article in the magazine recommends reimagining your typical workout with tennis, golf, ping pong, bocce ball, dancing, shuffleboard and pickleball! Imagine that! Residents have all these activities, and more, available to them. You can get a great cardio workout with some activities. You can join activities that improve your eye-hand coordination and balance. You can choose an activity that helps work your arms or legs. Go for a walk or go for a swim. None of these workouts are boring and repetitive or indoors, but if it's your preference, you can also work out in our Longevity Center.

Pickleball appears to have lots of benefits: a recent study found that playing pickleball for one hour a day three days a week for six weeks can improve blood pressure, cholesterol and fitness in older adults.

Submitted by Betty Tuttle. From The United Healthcare magazine "RENEW".

PICKLEBALL CLUB

The first SLCCV Pickleball Club Tournament of the season was held on Monday, November 25, 2019, with 26 players, both men and women. A good time was had by all. Look for more tournaments after the holidays. All paid members are encouraged to play in the tournaments, regardless of skill level. Memberships for 2020 are available. Please see Jean Reh or John Signore at the pickleball courts, typically 8-10 AM.

LOOKING FOR SOMETHING TO DO?

Whether you are looking for a sport to take up or you want to join a social club in SLCCV, the weekly bulletin published by the Recreation Department is chock full of activities. A very nice calendar of events for the month and the Cantina menu round out the best info you'll find about our "resort style living" here in SLCCV.

2020 FITNESS GAMES

For more than 18 years SLCCV has been the proud setting for annual event now called the "Fitness Games". From January through mid-February residents and renters have the opportunity to play and judge their skills in 22 different games. For the 2019 season we had nearly 200 registrants for the Games. Ribbons are awarded for first, second and third place in each event, most of which have separate male and female categories. Many also have age brackets, thus allowing a great number of winners! The 2019 overall champions were Jacinthe Asselin and Tom Wetmiller.

Registrants may participate in a single event or try their skills in as many of the 21 events as they are comfortable. **Prior registration for the Fitness Games in a must.** You may register on either of two Saturdays in early January. Our next registration dates are January 4th and January 11th, 2020, from 9:00am to 11:00am in the auditorium. You **may not** participate if you haven't registered. A small fee (\$6.00) is charged to cover event expenses and the gala Awards Party. (For an additional fee you may invite a non-participating guest.)

The 2020 Games will include: Basketball free throw, Billiards (nine ball), Bocce, Darts, Euchre, Golf closest to the pin, Golf full round of nine holes using your official handicap, Golf putting, Horseshoes, Pickleball, Ping Pong, Scrabble, Shuffleboard, Softball toss, Football toss, Tennis accuracy, Tennis singles (women or men), Tennis doubles, (women, men, and mixed) and the Walk-A-Thon. A new event for 2020 will be **Mahjong** with Anita Weiss as the coordinator.

For more information call Jill or Bob Miller at 304-790-1589.

WHAT TO DO WITH PASTA WATER

OK, so draining your pasta over the sink isn't going to do any damage to your pipes — but it's a pretty major cooking crime you should be aware of. Also called "liquid gold" by many in-the-know chefs, the water you've used to boil your pasta is filled with tons of starch that can (and should!) be used to thicken the sauce you're serving with your pasta. The starchy water acts like an emulsifier, binding together the water and oil in sauce. If you incorporate just a few tablespoons of the liquid gold into your sauce, you'll end up with a silky, restaurant-worthy sauce that won't leave a watery puddle on the outside of your plate. It'll also stick to your pasta much better, creating a much more enjoyable — and tasty — dining experience for everyone. And once you've made your sauce, don't think you can pour the rest of the water down the drain, either. Save it in an ice cube tray and use it as a thickening agent for soups, stews, gravy and future sauces. You won't be sorry!

HOA MEMBERSHIP

Wouldn't it be nice if we had 100% of residents as members of the H.O.A.? At \$3 per person it's one of the best deals in town! You can get your 2020 membership card at the HOA meeting on December 4th, or in the card room on Monday mornings through December 30th, 8:30-9:30am. Please come a little early to do that. If you want your voice to be heard and your vote to count, you must have current membership status.

Looking for a sweet treat? "Soft Swirl" Ice Cream Shop is located down from Chubbies Restaurant on the Turnpike Feeder Road.

“EASE THE BURDEN”

The HOA has agreed to sponsor our newly formed committee which was created to ease the burden for any resident who would like us to organize and prepare (as well as clean up) for a “Celebration of Life” event for their departed. In the event that you lose a loved one and would like our help, please call Debbie Wilson Foote at 772-828-7183. We will take care of the rest to “ease the burden”. Thanks to Debbie for this wonderful idea!

LEARN HOW TO STOP ROBO CALLS

For a number of years, junk calls were not a hassle for people. The National Do Not Call Registry worked well for a while. Legitimate companies were generally very compliant and the violations that did occur were rare. Those that did violate the law were subject to heavy fines.

Then suddenly, in the last couple of years, the number of junk calls started climbing. By some accounts, **nearly 31 billion robocalls** were placed in 2017.

Why the sudden spike in robocalls and junk calls? It's because the technology exists that allows criminals to make unlimited calls — virtually for free — to every single number established in North America, including the U.S., Canada and many parts of the Caribbean.

(robo calls, cont'd)

From there, it's a numbers game for the crooks. They only need a small fraction of the number of people they call to believe the pitch and send them their hard-earned money.

So what can you do? You have to fight technology with technology.

Some wireless carriers offer free robocall blocking, too

T-Mobile, in cooperation with Hiya, has made great strides in blocking robocalls.

AT&T, meanwhile, was an early mover in this space. Back in 2016, AT&T released its Call Protect app — a free mobile app that automatically vets incoming calls to make sure they're not associated with robocall scams.

Pay services from Verizon, RoboKiller

Verizon has similar capabilities, but unfortunately charges its customers \$2.99 a month for them.

Also on the pay front, RoboKiller uses artificial intelligence to tie up the junk phone callers trying to rip you off.

This service, which costs \$2.99 a month, analyzes the first few seconds of your incoming calls to make sure noise patterns indicative of humans (not machines) are detected. Their system also uses whitelist and blacklist filtering, much like your e-mail at work, so you can whitelist a number like your child's school that may send out robocalls with closing-related info.

There is a low-tech solution

Ultimately, the best solution may be the low-tech one. If you don't recognize the number, don't answer - period!

If it is somebody whose call you should have taken, you'll usually get a voicemail within seconds. Then, you can listen and call them back.

Thanks to Mary Kovacs for putting together another “Gospel Hour” to present to our residents! The performance on the afternoon of Sunday, November 10th, was the third to which we have been treated. A special tribute to our veterans showcased Mario Noverini as the Standard Bearer on stage. The vocalists were joined by musicians Pat Clymer, playing the harp, and Nick Mariano, playing the piano. Herb and Carol Stone were the backstage crew.

REMEMBER THE GOLDEN RULE?

Remember the Golden Rule? “Do unto others as you would have them do unto you.” This is the best guide I can think of when I hear some of the pet peeves or complaints from folks around the park. No one likes it when people drive up the middle of the road or fail to stop at a stop sign.. No one likes it when the next door neighbor leaves their garbage on the other side of the imaginary line that divides lots. No one likes it when, at a function, they are told to move to make room for someone else’s friend. Remember the Rule!

THE MISSING MAN TABLE

Our SLCCV Veterans Club presented those gathered in the auditorium with a truly lovely tribute to our vets. The Color Guard, Frank Chipman, Harold French, Rich Hagedorn, Al Henri and Mitch Vitelli, posted colors in front of the stage. Pat Gordon sang the national anthem and was followed by the assembly reciting the Pledge of Allegiance. After a moment of silence for our fallen service men and women, Bob Cuddy gave the invocation. Ed Carroll, H.O.A. president gave the welcoming speech.

This year there was a “missing man table” at the front of the room. Each item was placed on the table by members of the club.

Certificates were presented to Gold Star mothers, Susan Correll and Cecilia Mahoney. Certificates were also presented to Blue Star Mothers Gay Fazio, Joan French, Flo Beagle and Madelyn Sandall. Charities supported by the club include Fisher House, Wreaths Across America and South Florida Honor Flight, which include veterans from WWII, Korea and Viet Nam.

All branches of service were acknowledged with the singing of their service hymns, lead by Bill Maginn and Lisa Cherry, accompanied by Joanne Trainor. Charlie Mongrain recited the Veteran’s Creed, followed by the benediction and the singing of “God Bless America”. Thanks to Bob Cuddy for the power point presentation, Don Church for the sound system, and the H.O.A. for providing coffee and dessert after the program.

CHRISTMAS TRADITIONS

Christmas Trees:

The first American Christmas tree can be credited to a Hessian soldier by the name of Henrick Roddmore, who was captured at the Battle of Bennington in 1776. He then went to work on the farm of Samuel Denslow in Windsor Locks, Connecticut, where for the next 14 years he put up and decorated Christmas trees in the Denslow family home.

The first president to set up a Christmas tree in the White House was Franklin Pierce, and the first president to establish the National Christmas Tree Lighting Ceremony on the White House lawn was Calvin Coolidge.

In 1882, the first tree lights were sold in New York City.

Christmas Cards: The first American to print and sell Christmas cards was Louis Prang of Roxbury, Massachusetts, who began publishing cards in 1875. President Dwight Eisenhower is given credit for sending the first “official” Christmas card from the White House. An art print also became the standard Christmas gift for the president’s staff, a practice continued to this day.

Here Comes Santa Claus: The first department Santa was James Edgar, who, during Christmas seasons beginning in 1890, would wonder about his store (the Boston Store) in Brockton, Massachusetts, dressed as Santa Claus, talking to the children of customers.

C.O.P. NEWS

Most of our seasonal residents have returned from colder climes. If you have not canceled house checks, please call Ellie, 860-280-8461. By the same token, if you are going away for an extended period for the holidays, you can call to request a house check.

C.O.P. members will be out in January leaving door hangers for our annual fund drive. Thanks for all your support in keeping our car “fed” as we couldn’t do it without your help.

Remember that there are always new scams almost every day, people trying to part you and your hard-earned cash. Be careful! We don’t want to see you on the news!
