

**BLUE MOON MINI SHEPHERDS
MINIATURE AMERICAN SHEPHERD
HEALTH GUARANTEE**

Five (5) Day Health Guarantee:

The SELLER guarantees this dog to be in good health at the time of purchase. The puppy will be de-wormed and have current vaccinations appropriate for the age of the puppy before being released to new owner.

The BUYER is required to take the dog to a licensed veterinarian for a thorough exam and any necessary shots within 5 days of receipt of the dog (excluding weekends). If the dog is found by a licensed veterinarian to be genetically imperfect or have severe health problems the BUYER will have three options:

1. Keep said puppy, assuming all costs for its care.
2. If requested in writing, return said puppy, at BUYER'S expense, for a full refund of purchase price. Purchase price will only be refunded after SELLER'S receipt of the veterinarian's written statement regarding the health of said puppy, and the return of the puppy to Blue Moon Mini Aussies. BUYER will have 24 hours from the time of said vet visit to provide the written report from the licensed examining veterinarian.
3. Return puppy, no refund and can choose a new puppy from existing or future litters.

*The SELLER reserves the rights to have a second veterinarian evaluate the dog's condition within seven (7) business days following receipt of the animal before any refund/exchange will be issued. The additional veterinary cost will be assumed by the SELLER should the puppy be unhealthy, and if the puppy is healthy, the BUYER will assume the cost.

SELLER is not responsible for any veterinary bills, transportation charges, or other expenses incurred by the BUYER. A refund for the amount of purchase price of the puppy does not include any shipping charges or vet bills.

The SELLER will not accept a claim for a preventable or treatable illness. Common parasites, fleas, ticks, worms, coccidia, etc. are not cause for a refund of monies as they are treatable.

This guarantee will expire five (5) days after BUYER takes possession of said puppy, excluding weekends.

Two (2) Year Health Guarantee:

SELLER guarantees that the puppy is free of hereditary defects to the best of his/her knowledge and will guarantee the puppy to be free of any genetic defect(s) for two (2) years from the date of birth. If a licensed veterinarian finds that this dog has genetic defect(s), BUYER will have two options:

1. Keep said puppy, assuming all costs for its care.
2. If requested in writing, BUYER may return the puppy, at BUYER'S expense, to Blue Moon Mini Aussies. SELLER agrees to replace the dog with one of equal value when one is available. No refunds will be made, only exchange of the dog. In the result of a replacement puppy agreement, it is BUYER'S responsibility to provide proof that diseased puppy has been examined and diagnosed by two non-affiliated veterinarians prior to the last day of the two (2) year guarantee period, and twenty-four (24) hours from the time of said vet visit or no exchange will be made. SELLER is not responsible for any veterinary bills, or other expenses acquired by the BUYER.

The SELLER will not accept a claim for a preventable or treatable illness.

The SELLER will not accept a claim for MDR1. This can be treated and health issues avoided by using alternative products and medications. It is important that the BUYER understand MDR1 and inform their chosen veterinarian as well.

BUYER agrees to limit the dog's exposure to other dogs or places of risk until all veterinary recommended vaccinations have been administered. Such exposure voids this health guarantee.

The BUYER agrees to provide this dog with necessary veterinary care upon sickness, disease, or injury, and shall take it to a veterinarian at least once a year for an annual health examination and state/federal required vaccinations. Failure to do so will void this health guarantee. It is a BUYER's choice regarding other vaccinations, however, if the dog becomes ill from a preventable (vaccination available) illness, the health guarantee is not applicable.

Guarantees only apply to the original BUYER, unless the SELLER has been notified in writing of the transfer of ownership and provided with updated contact information. If the puppy is physically injured in any way by BUYER all guarantees are forfeited. BUYER is responsible that their puppy will not be hurt, injured or neglected in any way. If evidence proves the dog is being mistreated (injury, containment, nutrition, etc.), then SELLER has the right to remove the dog from the buyer's possession, without ANY reimbursement to the BUYER (monetarily or puppy), or legal repercussion to the SELLER.
